Studebaker

"The Automobile with a reputation behind it"

ELECTRIC CARRIAGES

Simple Control—Reliability—Elegance

Studebaker Electric Cars—the Runabout, Stanhope, Victoria-Phaeton, Special High-Speed Stanhope, and Coupe—meet every demand of the most exacting private carriage service.

In appointments and in design, upholstery and finish, they possess the perfection always associated with Studebaker productions.

Mechanically, the Studebaker is the most successful type of electric car.

Its operation is within a child's understanding.

Its construction in the vital parts is of that thoroughness which permits no seen or unseen flaw.

The body is scientifically suspended upon two pairs of superb springs.

A distinctive feature is the distribution of the batteries' weight upon both pairs of springs.

This method produces a far easier riding motion than has ever been attained where batteries are suspended below the springs.

For fuller details send for complete catalog of electric and gasoline automobiles.

Studebaker Automobile Company, South Bend, Ind.
