FORD

Experience

*is the key to Automobile Construction
and we have the key*

Henry Ford has made a life work of the development of the Automobile and presented to the world a car so perfected that the success of the Ford Motor Co. is without a parallel in the Automobile Industry.

The fundamental features of the first Ford Car were light weight (resulting in economy of maintenance), ample power (not too much and not too little **BUT ALWAYS POWER**) and absolute simplicity, with the elimination of every unnecessary complication. These features still further developed are distinctive in Ford cars to-day. There have been no freaks, no failures, no experiments in Ford cars.
