Rambler

**SURREY, TYPE ONE, 1905 MODEL
16 ACTUAL HORSE POWER, \$1350**

Other models \$750, \$850, \$2000, \$3000

There are speedier automobiles than the Rambler, but none better able to climb hills, to plow through mud and to meet every practical requirement of the road. Automobiles of the same price do not develop half the power. Those of equal power cost more than twice as much. Simplicity of construction and an enormous output, every part being made in our plant, put the Rambler in a class by itself. Send for "The Rambler Magazine" and other printed matter.
