# Rambler

## Instant power control and direct power transmission

These are two points that make the Rambler the car you ought to buy.

The hand you place on the Rambler steering wheel controls both the speed and the direction of the car. You regulate the supply of carbureted air for the engine, by a simple pressure of the finger.

The Rambler chain transmission applies every ounce of power the engine generates direct to the rear axle.

Instant control, no loss of power and mechanical simplicity throughout, fit the Rambler for driving over country roads in all kinds of weather.

Write for the Rambler catalogue illustrating and describing the different models.

Surrey, Type One, illustrated below, complete with lamps, tools, etc., \$1,200.00. Cape Top, \$100.00 extra. Other models \$650.00 to \$3,000.00.

### Thos. B. Jeffery & Co.

Main Office and Factory, Kenosha, Wis., U. S. A.
