## A Daring New Berline

**H**ERE pictured is the Alco Berline. It is the latest and newest car in America.

Daring new lines, new ideas in refinements—a wholly new conception of a motor car.

Note the roof lines—the breaking away from the old, the common place, the stereotyped—and in their stead the original, the beautiful.

Observe the Pullman ventilators in the roof. Fresh air, warmth, no drafts.

Wide 25½-inch doors, upholstery 10 inches deep, and a large area of room within.

Steps illuminated at night—automatic by opening the door.

The white stripe around the graceful body—a badge of motor individuality.

These suggest the ultra in this car. Price \$7250. Catalog on request.
