

*Garford*

**\$2750**

*Completely Equipped*

**A**S far as we can trace, the new Garford is the most widely discussed and most highly appreciated Six in America. This is due, not alone to its many novel innovations and practical improvements, but to its price—which is just about one-half that usually asked for a car of this character, elegance, comfort, speed, design and mechanical simplicity and efficiency.

The brief specifications below give the facts and value in detail. Look up the Garford dealer in your town. See this new Six without further delay.

**Catalogue on request.**

- |  |   |  |  |                           |  |
|--|---|--|--|---------------------------|--|
