

Peerless 1913

THREE SIXES

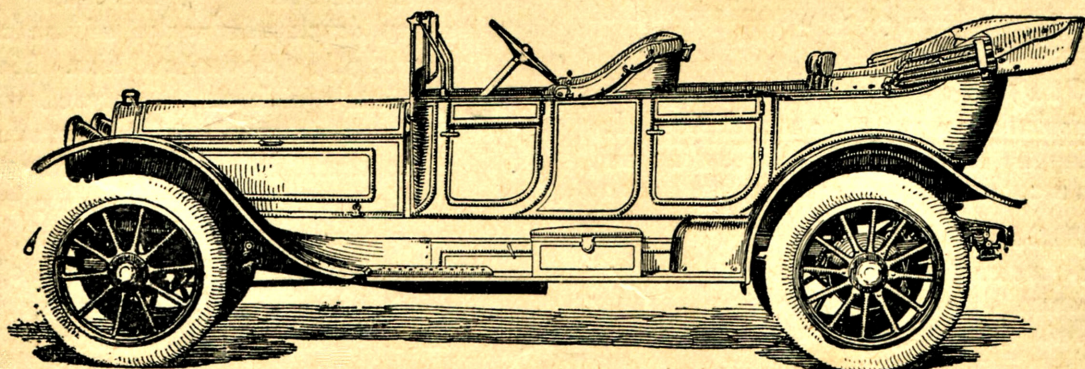

From the three six-cylinder models for 1913, "38-Six," "48-Six," and "60-Six," you may select a six-cylinder car suited exactly to your requirements in power and passenger capacity. Moreover, our dealers throughout the country can accept orders for immediate delivery.

LONG STROKE MOTORS

The 1913 Peerless six-cylinder motor has an exceptionally long stroke; it therefore possesses in an unusual degree the long-stroke advantages — flexibility, greater power and smoother action at low speeds.
