The New All-Season Model

Here at last is the ideal car—one combining all the comforts and luxuries of the most costly limousine plus all the advantages of an open car.

It is virtually two cars in one—and both instantly available for use at all times.

The roof is permanent. But the windows are removable. In one minute any one can make the change from open to closed or vice versa.

Nothing can surpass this new Cole-Springfield all year 'round body.

It is richly finished, elegantly appointed, graceful, symmetrical and distinctive.

Mounted on the famous Cole Eight chassis it will be pointed out as the crowning achievement of the automobile industry.

Any Cole dealer will give you a demonstration.
