

# Every Month Sees Demand Growing Greater

There has never been any let-up in the veritable clamor for the Chrysler Six since Walter P. Chrysler's remarkable achievement was first launched.

The public grows more and more enthusiastic over the car's unequaled results, more and more appreciative of quality and performance, riding and driving abilities, roadability and economy that cannot be enjoyed elsewhere at any price.

A success of unexampled magnitude is growing greater each month—reflecting vividly how far Chrysler results keep in advance.

The Chrysler was inspired by a vision and it was designed and manufactured to meet a demand for a car of medium price with qualities that hitherto belonged exclusively to high-priced, heavy and uneconomical creations.

Sales mounting to new high peaks monthly

indicate that the Chrysler Six has not only satisfied this demand but has gone far beyond.

The Chrysler Six, of course, includes many proved engineering developments which, since introduced by Chrysler, have changed all standards of motor car quality.

Among these are the Purolator—an oil-filter that automatically and continuously cleanses all the motor oil; an air-cleaner that keeps road dust and grit out of the cylinders; seven-bearing crankshaft and camshaft; thermostatic control of motor heat; a new type of rear spring suspension that eliminates side-sway; Watson stabilators which, by compensating for all road inequalities, positively eliminate rebound shock at any speed, and a score of others.

The best way to understand Chrysler advantages is to let your nearest Chrysler dealer translate them into terms of actual performance. He is eager to have you ride in the car and drive it.
