

**T**HE ultra-low chassis of the New Safety Stutz, achieved without lessening road-clearance, is the triumph of a different and advanced engineering.

This chassis allows the custom-body designer to attain a heretofore denied smartness and symmetry in his creations.

And, with this new beauty, the New Safety Stutz engineering provides a new and altogether surpassing degree of safety, performance, road-tenacity, and luxurious carriage.

The complete line of standard, de luxe and custom-built bodies offers the choice of 60 body styles and appointments, with unlimited choice in many of the models.
