now bids for Even
Greater Success

Amazing *New* Performance based on Great *New* Features of Design!

The 4-Door Sedan \$825 * * Body by Fisher

Take the wheel of the New Series Pontiac Six and instantly you sense a new and marvelous measure of six-cylinder performance. "Here is *real* smoothness," you will say. "Here are *real* power and snap and speed."

The amazing performance revealed by the New Series Pontiac Six is based on great new features of design never before combined in a car of any price. The famous G. M. R. cylinder head — the new "cross-flow" radiator — the AC fuel pump replacing the vacuum system — the newly designed carburetor with the Venturi choke, the internal economizer and an

accelerating pump — completely redesigned intake manifolding —

—all these and scores of additional features enable it to exhibit a type of six-cylinder performance that will warm your heart to this finer, faster, smoother, more powerful six!

Wherever you go—wherever you drive—the New Series Pontiac assures you new and thrilling motoring enjoyment—the result of advanced engineering and construction you never even dreamed could be offered in a car of such low price!
