

# The Strongest Frame

Cross section  
of Auburn's  
double armored  
plate frame

Shimmy-proof  
motor support

## Actual Size

Showing how double thickness in all Auburn Straight Eight frame sides and channels, plus new shimmy-proof motor mountings, large gussets and cross-members, give Auburn, we believe, the strongest automobile frame in the world. This strength is the greatest guarantee of automobile silence and rigidity.

115 HORSEPOWER STRAIGHT EIGHT
