

# The Thrill of Two High Speeds

Graham-Paige offers a wide variety of body types, on five chassis—sixes and eights—at prices ranging from \$885 to \$2495. Car illustrated is Model 827, five-passenger Sedan, \$1925 (special equipment extra). All prices at factory.

## Four Speeds Forward Standard Gear Shift

Among fine motor cars, Graham-Paige sixes and eights are distinguished by the thrilling performance of their time-proved four-speed transmission—with its *two* high speeds. Fourth (used most of the time) contributes a new smoothness and swiftness; third (a quiet internal gear) provides rapid acceleration in traffic and up steep hills. The gear shift is *standard*—you start in second, advance to third, then to fourth. First is in reserve; instantly available, but seldom used. A car is at your disposal.
