

Custom-Type Phaeton

Smart! Exclusive! Distinctive! Convertible! Auburn first introduced this custom-type of car as a production model and made it available for the first time under \$5000. Former owners of the very highest priced cars, including costly European importations, quickly recognized its vogue and outstanding value. It is an even finer creation, even more efficient and enduring, even more luxurious, and has increased horsepower. Although you get considerably more value, you pay considerably less. (By contin-

ually increasing quality and decreasing cost, is the way Auburn has become the fastest growing company in America.) Again the demand for the rare combination of its power, stamina, comfort and convertible advantages will exceed the supply. The top can easily be lowered and fits snugly in a boot. All four door glasses may be raised or lowered at will. It is an entirely open touring car, or a completely closed car, as you wish. Long, and very low; 130 inch wheelbase and 125 horsepower Straight Eight motor.
