

The story has often been told of the employee in the Patent Office who resigned his position thirty years ago because "every new improvement had been invented." Auburn believes the need for pioneering in the automobile industry is greater today than ever, and places a self-imposed requirement upon itself to lead in this respect. Having won a reputation for leadership it is obligatory that Auburn maintain it. That is the basis upon which we invite you to compare the new Auburn Straight Eight models.

AUBURN

POWERED BY LYCOMING
