

New 160 H. P. TWELVE

\$1345

Our aim for this new Twelve is, to enable owners to enjoy a performance combining speed, power, smoothness and economy, the like of which they have never experienced. And—to make it available at a price that will force a complete revision of standards for comparison of values. Dual-Ratio gives the equivalent of two axles in one. It takes the “compromise” out of automobiles. You shift gears the same as now. Turn a lever on the instrument panel to Low. This gives pep for lightning acceleration and power for sailing up hills. Turn the lever to High. This gives speed with smoothness and economy—with less vibration and noise—with minimized wear and tear for driving on level roads, on the boulevard, or in the country. We promise you this performance will amaze you.

DUAL-RATIO in Custom “Twelves” and “Eights”
