

"THERE'S SOMETHING ABOUT A  
GRAHAM..."

"I consider it one of the greatest cars on the road, and I have checked my trip mileage several times and I find I am getting an average of seventeen and five tenths (17 and 5/10) miles per gallon of gas with a very low oil consumption. For speed, power, pick-up, roadability, ease of operation and economy, the Graham Supercharged Eight surpasses and passes anything on the road."

—C. J. B.
