

SET THE facts about low-priced cars side by side—and inevitably the choice narrows down to Pontiac alone. *For comfort, style and safety, Pontiac stands out by a wide margin.* Nothing emphasizes this so sharply as a ten-minute ride in “the most beautiful thing on wheels.” Such a test seems short, but it is more than enough to convince you that

Pontiac is one of the roomiest, most comfortable cars on the road . . . that Pontiac engines are hard to match for smoothness and quietness, regardless of price . . . and that Pontiac is the *lowest priced car* with *solid steel “Turret-Top” Bodies by Fisher* and *triple-sealed hydraulic brakes.*

Take the easy, but extremely

wise precaution of driving a Pontiac before you select your next car.

You will find it hard to resist the desire to own a Pontiac after just 10 minutes behind the Silver Streak.
