

New SUPER-CHARGED Models.

Again Auburn leads the way to more gracious living, with a New 150 horse-power SUPER-CHARGED Speedster—each car certified at a speed secured after being *run in* and tested, and *each car* carrying its own plate showing a maximum speed of over One Hundred miles per hour. There are few places where you can drive One Hundred miles

per hour, but it means added dependability, as the engine will be loafing at "60." You, who want your car to mean more than mere transportation, are invited to see, drive and compare the truly fine 1935 Auburns. Prices, considering the outstanding values, are remarkably low, as they start as low as \$695 and up, at factory.
