

New Beauty,
and vastly more
ROOM!

The ROADMASTER, series 80 six-passenger Sedan pictured above has 120 horsepower, carries a list price of \$1255* at Flint, Mich., subject to change without notice. Fenderwells, standard and special accessories groups at extra cost. Convenient new GMAC 6% time payment plan

PERHAPS YOU ARE one of that goodly number of people who have watched, with misgiving, the cramping effect of aerodynamics on comfort in modern car design.

If so, we suggest that more thrills than one await you in the Buick Roadmaster or the Limited.

For this brilliant pair give you such a combination of headroom, seat room, leg-room, luggage room as you have literally not seen in years.

And with an almost extravagant spaciousness, they also give you such fingertip lightness of control, such silky mobility and easy obedience that a hundred pound woman can drive one of these cars all day long.

*All Buick prices include safety glass throughout as standard equipment
