

THRILLING

THE THRILL OF THE SUPERCHARGER

... makes everything else seem tame

● Magic of the Supercharger! It does everything you ask of it with such effortless ease that you forget there's an engine in the car. The sensation is like flying—or like that breathless moment when, on skis, you're soaring swift and smooth above eyes upturned in envy.

And, to match the superb thrill brought by a new kind of performance, Graham has created striking designs that set an

entirely new note in grace and distinction; a new conception of what a motor car can be.

You must see this car itself to appreciate its beauty. You must drive it yourself, for the keenest imagination cannot picture the thrill. Call us and the Supercharger—or any of the other new Gramams—will be placed at your disposal.
