

1936 PONTIAC

A General Motors Value

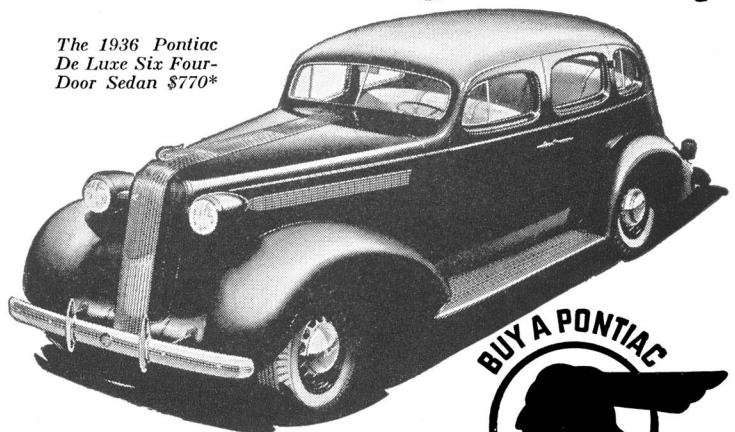

In ALL THE WORLD *no better pledge of Quality*

● When you read that the 1936 Pontiacs are built to last 100,000 miles, your first thought will doubtless be—"Here's something new in dependability!" But think the statement over and you'll find that it speaks volumes for Pontiac's *quality* as well. The truth is it took no less than *101* of the finest features money can buy to make the 1936 Pontiacs what they are—cars you can drive for endless miles with endless satisfaction. There is no better pledge of quality, for the good reason that no other low-priced cars have as many fine-car features as the 1936 Silver Streaks. PONTIAC MOTOR COMPANY, PONTIAC, MICH.
