

"We certainly 'go'
for Oldsmobile

IT'S SMART!

IT'S DASHING!

IT'S DIFFERENT!"

DRIVING a new Oldsmobile Six is like stepping out in the newest spring clothes, or dancing at a fashionable new supper club—it's the smart thing to do! Wherever smart people gather, you'll find the new Oldsmobile Six very much in evidence. It has the pick-up-and-go that up-and-coming people like, and it has that certain difference in styling that makes it a strikingly individual car. Of course, the new Oldsmobile Six offers much more than flashing performance

and dashing distinction. Its powerful new engine, for example, is actually more economical. Its chassis of 117-inch wheelbase is longer, stronger and safer. Its new Unisteel Turret Top Bodies by Fisher are wider and roomier. Its many finer-car features include new Triple Sealed Super-Hydraulic Brakes, new Dual Ride Stabilizers and Knee-Action Wheels. Take a trial drive, and you, too, will go for the Oldsmobile Six... smart car of the year... smart buy of them all.
