## ALMQUIST ENGINEERING

Dealers Wanted Milford 51B, Pa.

All the grace and good design inherent in the 1929 Model A Ford roadster is brought forth in photographer Ralph Poole's Ektachrome photograph of Frank Bertuccio's roadster pick-up. Careful restoration is evidenced in the attention to detail and quality of workmanship that is seen in this car. Details of the car are on page 32. The lakester streaking across the bottom of the cover is to remind you that a day-by-day account of the activities at the Bonneville speed trials starts in this issue on page 12.
