

OUR COVER CAR IN PHOTOS . . .

Stainless steel dash with column shift and wheel from '40 Ford are attractions. Upholstery is black and red leatherette

Above: Aluminum running board covers are featured. Front detail, below, depicts careful restoration of radiator shell

Plush Pick-Up

Roadster carries '48 block with .080 overbore running Weber cam, Evans heads and manifold, Harman and Collins ignition

Frank Bertuccio of Mountain View is active member of San Jose Igniters with beautifully reworked '29 roadster pick-up

Floor of pick-up box is laid in marine mahogany. Differential ratio is 3.78:1 and transmission utilizes Zephyr gears

Careful attention to detail is seen in striping of tailgate. Above: Note stock "A" bumper which is seldom used
