

NEW PRODUCTS

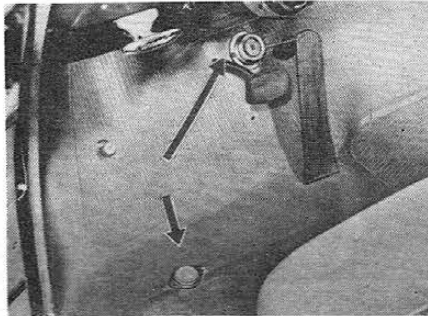

(Continued from page 61)

The air compressor, driven by vacuum from engine automatically builds up to 80 pounds pressure. Horns are permanently adjusted and fully warranted. \$94.50 ppd., 6 or 12 volt. Haynes Sales Corporation, Dept. HU-3, 2711 East Jefferson Avenue, Detroit 7, Michigan.

STEADI-DRIVE

Of interest to men and women drivers is a new product, STEADI-DRIVE, an accelerator control for all cars. Recommended for that long vacation drive when the right foot does all the work while the left foot enjoys the vacation.

Steady-Drive permits driving for miles without fatigue or muscle cramp. It does

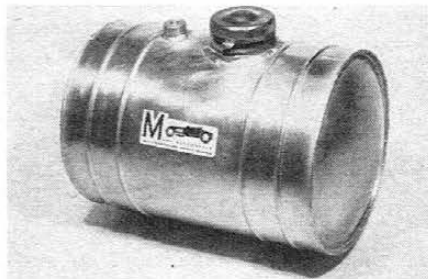

not change normal driving habits. There is no interference with passing or braking.

Steady-Drive is self-cancelling. When the left foot is taken off the switch, the accelerator returns instantly to idling position. It is not connected to the motor.

Steady-Drive is highly desirable for people who drive in suburban or rural districts, for long haulers, salesmen and vacationers. (For 6 volt system) \$7.95, postpaid; (for 12 volt system) \$8.95, postpaid. Available from: Walter B. Schnur, Dept. ML, 557 Timpson Place, New York 55, N. Y.

ALUMINUM FUEL TANKS

All aluminum pressure type fuel tanks Manufactured primarily for Hot Rods. Tanks are Heli-arc'd and Gas aluminum welded by certified aircraft welders, capable of withstanding more than enough

pressure. Spring loaded pressure cap is very heavy duty type, having large opening for easy filling. All tanks are pressure tested. Comes in 3 sizes, 2 Gals., 3 1/2 Gals., and 5 Gals. For Prices and additional information write or see Manufacturer: Moon Automotive Equipment, 10935 S. Bloomfield Ave., Norwalk, Calif.

ANNOUNCING THE NEW . . . REVOLUTIONARY
MAXIMUM 3/4 CAM
 For Fords and Mercurys

The hottest 3/4 cam ever designed. So superior in performance it makes all other 3/4 grinds obsolete. Provides a 2nd wind for your engine and actually takes over where other grinds leave off. Absolutely unapproached for power, revving ability and top speed. You get the flexibility of a 3/4 grind but with the top speed of a full-face grind. Two types are listed below:

MAX. No. 1: With stock heads and standard bore and stroke. Heads must be fly cut to clear the high valve lift (360" net). If aluminum racing heads are used (8:1 comp. ratio) no changes necessary.

MAX. No. 2: With bored and stroked engines:

Complete Price (New, outright)\$50.60 (Freight prepaid)
 *(Used, outright)\$45.20 (Freight prepaid)
 *Recommended Federal excise tax included—NO EXTRAS
