"ROCKET" 202
engine

Now it is 202 horsepower for the mighty "Rocket"! New 8.5-to-1 compression ratio! New extra-efficient combustion chamber design! New high-lift camshaft for freer "breathing"! The engine that opened the high-compression era now reaches a new crest in power, efficiency, economy!

**HYDRA-MATIC
SUPER DRIVE**

Billions of miles stand behind America's first and most famous automatic transmission. Teamed with "Rocket" Engine power, you have complete automatic control in every driving range.

new "rocket ride"... right from the ground up!

OLDSMOBILE'S NEW POWER-RIDE CHASSIS

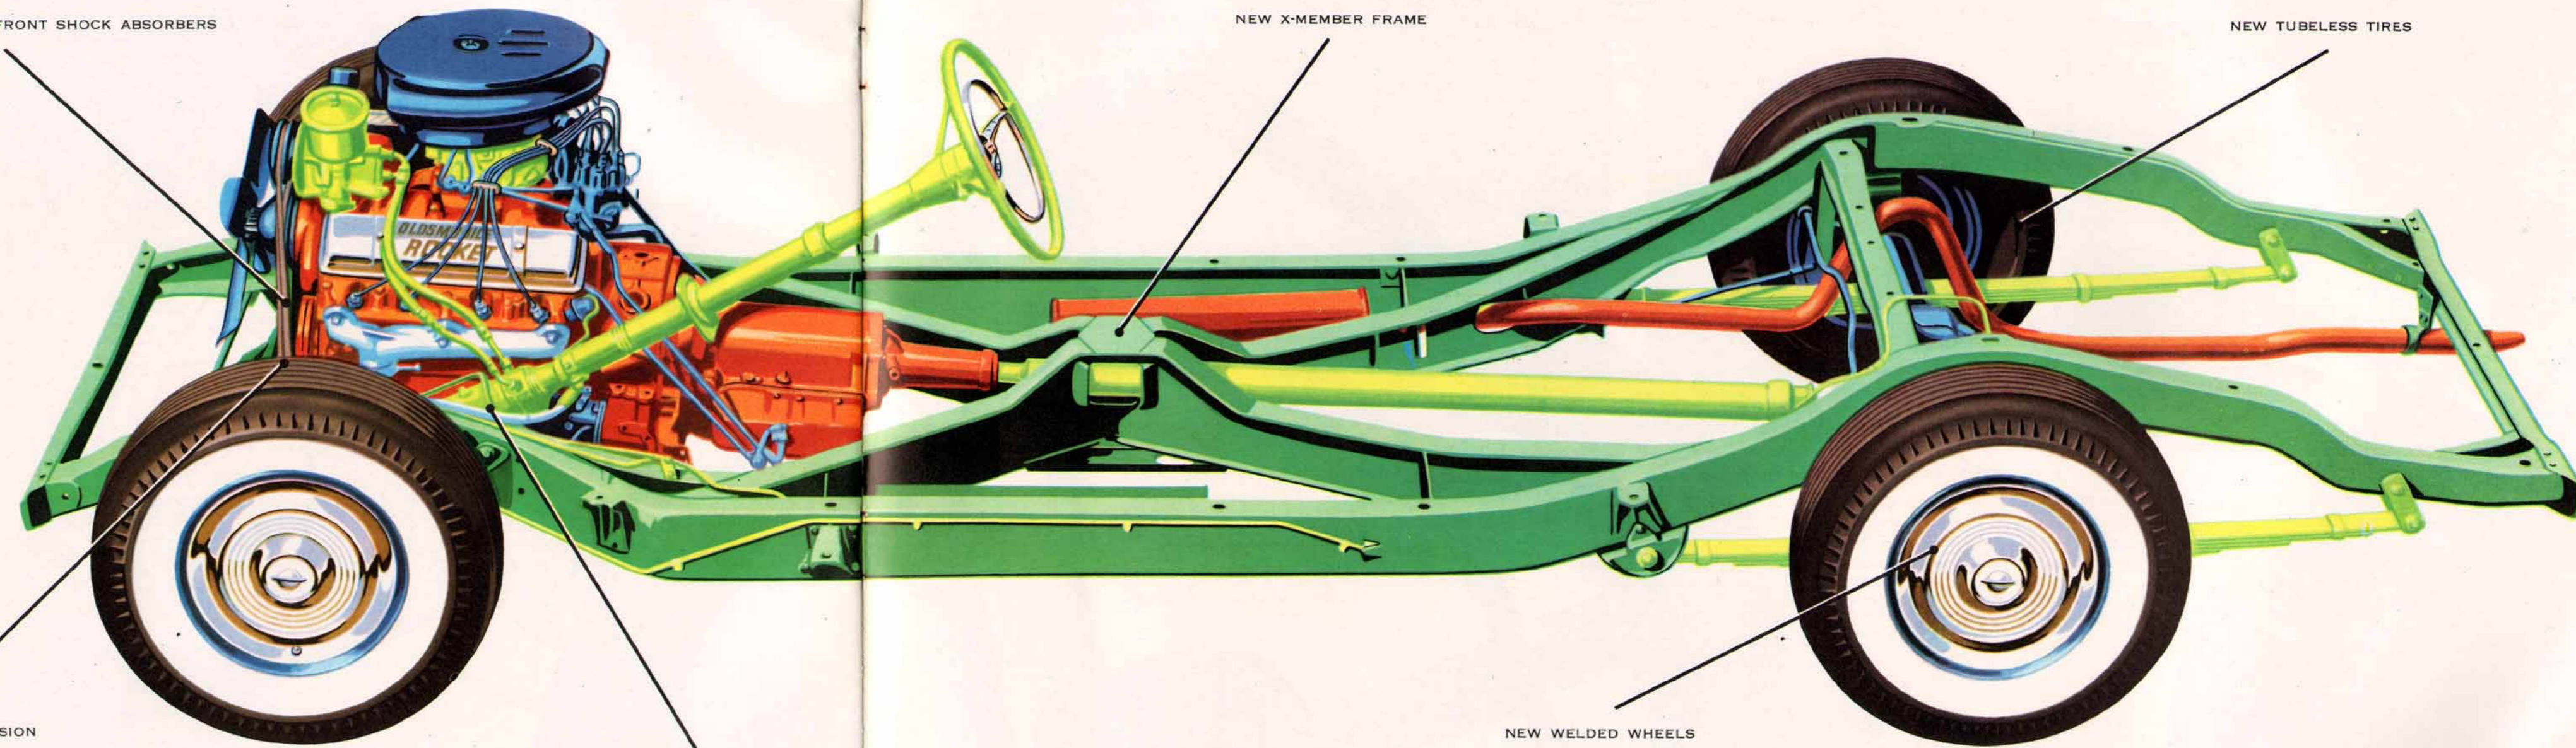

Every byway smooth as a highway!
New front suspension irons out road
wrinkles—adds to riding comfort!

Exact balance and low center of gravity are secrets of the "Rocket Ride." You flow through curves...with dual center-control steering at work! There's a solid, geared-to-the-road stability that tells of 6-point suspension. Stops are arrow-straight when you call on the super hydraulic brakes. At every rugged point... the Oldsmobile chassis is precision-matched to "Rocket" Engine power.

power, power everywhere . . .

at your command!

Easy does it! That's the good word in Oldsmobile for '55. Every known power assist is available to increase your pleasure and cut the work of driving. No wonder it's so much fun to own an Olds!

NEW SAFETY POWER STEERING

Oldsmobile Safety Power Steering takes the fight out of driving. Steering effort is reduced 80% without loss of "feel" of the road. Turn and park with finger-tip ease . . . swing surely around highway curves . . . guard against sudden emergencies!

NEW PEDAL-EASE POWER BRAKES

Like magic, Oldsmobile's Pedal-Ease Power Brakes turn "foot-weight" pressure into dynamic stopping power. With almost identical-height brake and accelerator, you swing from "go" to "stop" without lifting your heel. Your heel is cradled in a new rest pocket to prevent slipping. Braking vacuum power is retained by a special valve when engine is off. You've never known surer stopping . . . and work is cut 40%!

NEW 4-WAY POWER SEAT CONTROL

Move forward . . . move back . . . move up or down—electrically! New 4-Way Electric Power Seat Control gives instant adjustment of front seat for safest, most comfortable and convenient driving position. Regardless of the driver's size, this new Oldsmobile power assist adjusts the car to his measurements. Fast-acting, all-electric operation assures long, efficient service with little or no maintenance expense.

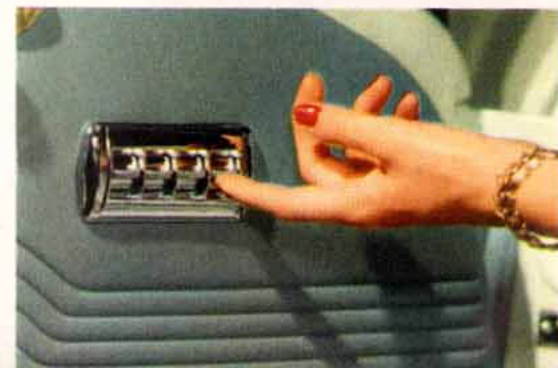

NEW POWER ANTENNA

Adjust radio antenna for best reception in city or country without leaving the driver's seat. New hydraulic control gives speedy adjustment, new all-weather convenience.

NEW POWER WINDOW CONTROLS

For '55 Oldsmobile offers all-electric window controls. You can raise or lower any window with a touch of an individual control. The master control panel for all windows is conveniently positioned on the driver's door.

color and comfort . . .
in tone with the times!

Oldsmobile's "flying color" styling reaches to every inch of the passenger compartment.
Deep, relaxing foam rubber cushions are upholstered in a spectrum of beautiful fabrics and leather. Deep carpets . . . jewel-like appointments . . . add to the sensation of spaciousness and graciousness in the most modern manner.

Room with a view . . . and what a view! Oldsmobile's panoramic windshield and full-vision windows let you see more and drive in greater safety.

Color, color, color . . . in a sparkling rainbow of hues and shades! Oldsmobile's color leadership was never more clearly demonstrated than right now!

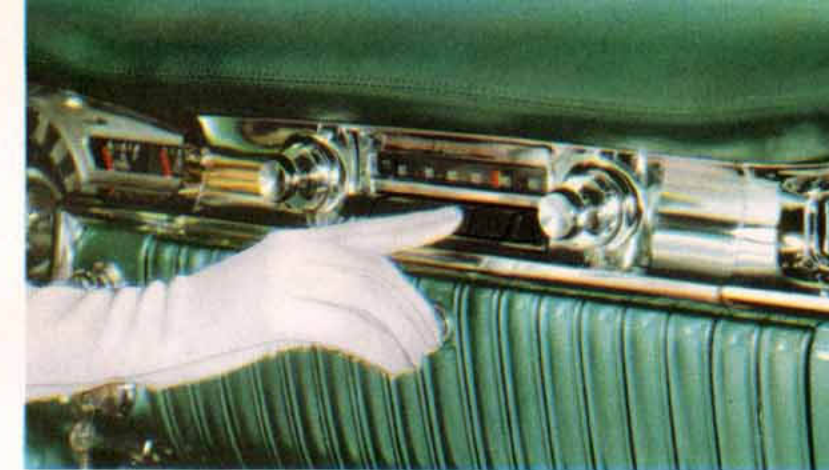

Beauty with a job to do—that's the story of Oldsmobile's instrument panel. New control knobs, handy twin ash trays, a spacious parcel compartment . . . all at your finger tips.

styled to stay new...

with **FLYING COLORS!**

Give your fancy free rein! Oldsmobile lets you practically color-customize your car with striking effect! From the boldly dramatic to the sophisticated, every Oldsmobile bears an exclusive and unmistakable stamp of the future . . . to keep you far ahead in the style parade.

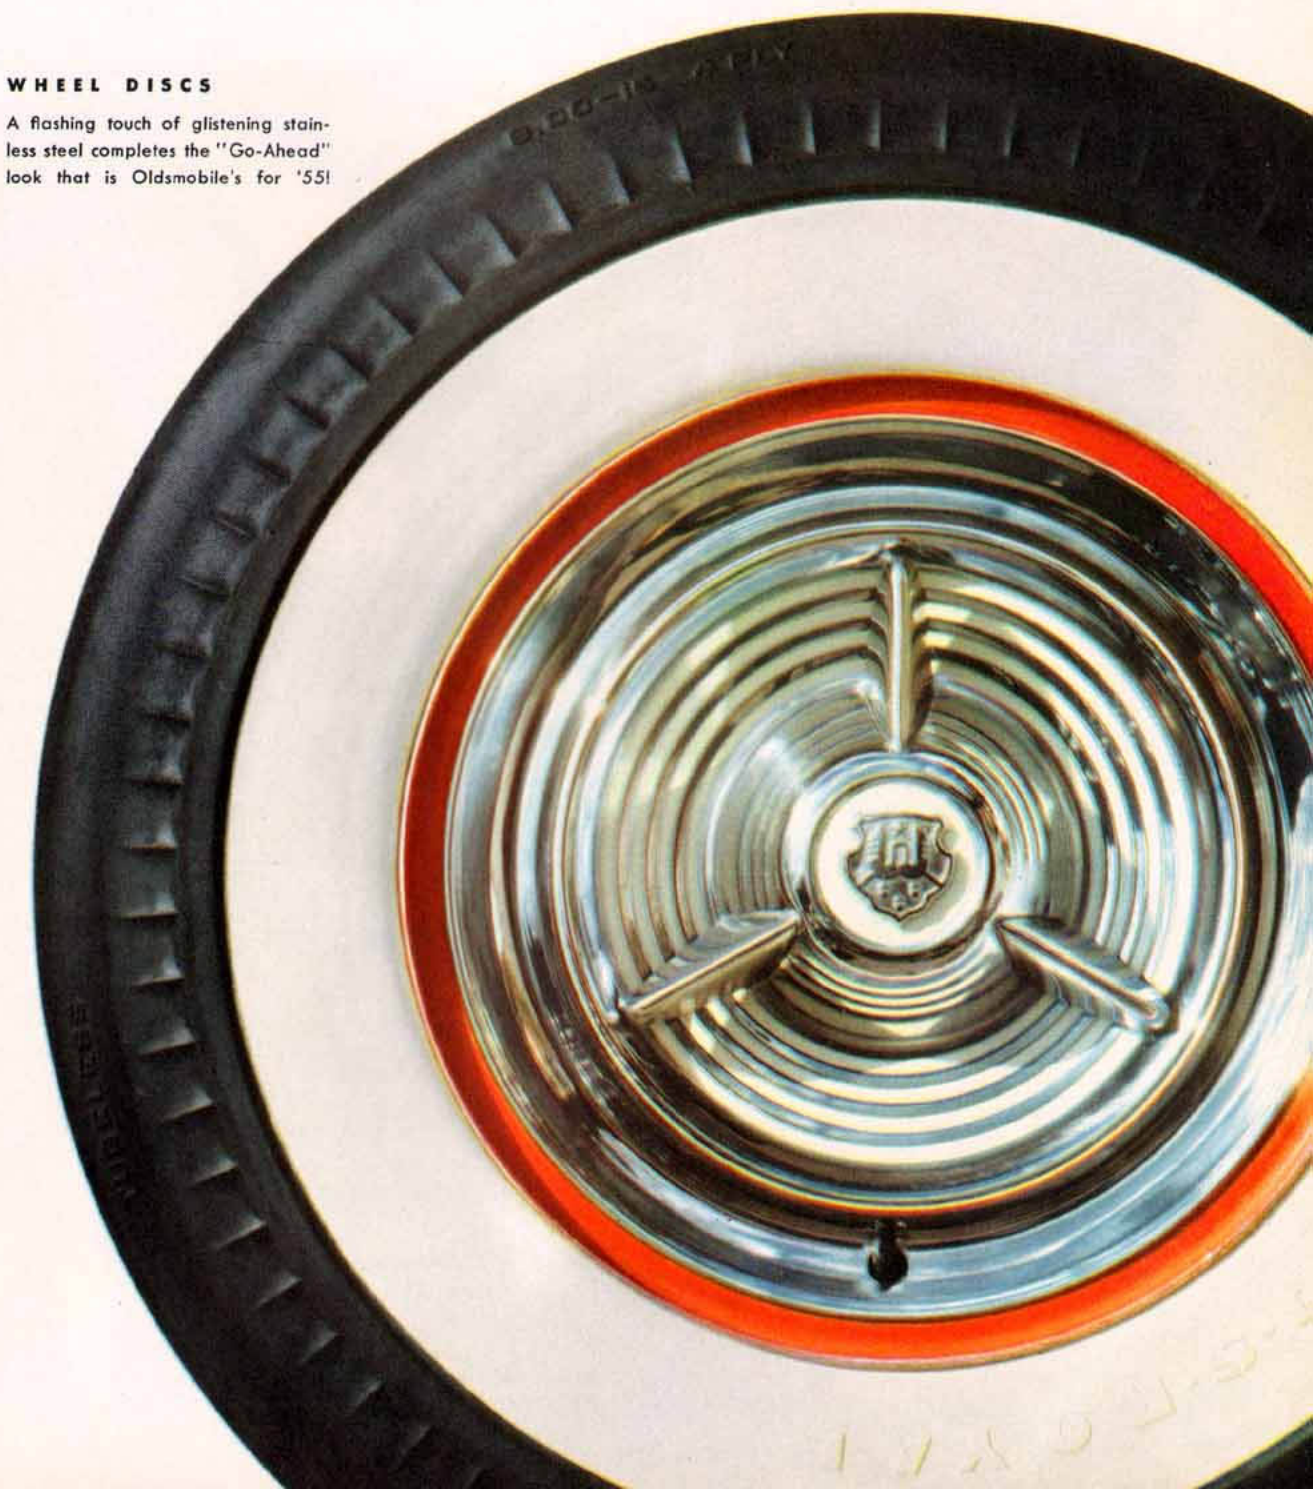

OLDSMOBILE SUPER DELUXE RADIO

Automatic signal-seeking control is combined with bar and push-button selector for easy, convenient tuning. True high-fidelity performance may be made even more delightful with optional rear compartment speaker. Smart styling matches instrument panel design perfectly.

WHEEL DISCS

A flashing touch of glistening stainless steel completes the "Go-Ahead" look that is Oldsmobile's for '55!

AUTRONIC-EYE

Safer, more convenient night driving! Streamlined phototube picks up oncoming lights. Automatically your headlights dim . . . then go back to bright when traffic clears. Equipped with "on-off" switch for optional manual control when desired.

NEW OLDSMOBILE AIR CONDITIONING

Now you can laugh at the weather! The climate in every inch of your '55 Oldsmobile is delightfully cool and refreshing. New "Up-Front" Air Conditioning System is cowl-mounted with 20% greater capacity for uniform cooling throughout the interior. No space is used in the luggage compartment. Three adjustable air outlets are located on the instrument panel. Cooled air is 100% filtered. Dehumidifier maintains ideal humidity—even in wet weather!

YOU'RE INVITED... TAKE THE WHEEL!

Pictures and words can touch outstanding highlights, but there is much about Oldsmobile for '55 that can be told only on the road.

And here is a car with a magnificent story to tell! It's a story of power—

"Rocket" Engine power! A story of fashion-setting beauty...

of luxury, comfort and all-round performance.
