

"America's most becoming car"

(and it's just right for you...in every way!)

Like a bit of flattery? Flattery is what you'll get in your new Ford Thunderbird. This jewel of a car has an unmistakable *éclat* that sets it—and you—quite apart. And, joy of joys, it's just right for you . . . in every way. It's your size! It seats four people in the most elegant comfort, yet it handles and parks with far greater ease than other luxury cars. Thunderbird is, in fact, the

only luxury car a woman can really call her own. And it costs *far less* than other luxury cars. See the new Thunderbird at your Ford dealer's. And be sure to drive it, too.

FORD THUNDERBIRD

SO MUCH EASIER TO GET IN AND OUT

Because the Thunderbird's doors are extraordinarily wide—and the front seat folds all the way down. Getting in and out is as easy as going from one room to another!

SO MUCH EASIER TO HANDLE AND PARK

Naturally—the Thunderbird is so beautifully compact, you're completely at ease in it. You never felt so much in command, so *comfortable*, so much at home in any car before!

COSTUMES BY S. H. WAGGS

AND IT MAKES YOU LOOK— OH! SO GLAMOROUS!

All eyes are on you in your new Ford Thunderbird—"America's most becoming car"—the car every woman would love to own!
