FOR EVERY SERIOUS COMPETITOR!

BRUCE

SLICKS SLASH ET'S

Two years of development paid off big for Bruce's tire researchers. This new cheater slick puts more inches on the ground and reduces ET's immediatly. Improve drag strip performance with Bruce's new cheater slicks.

for Chevies:

FORGED VALVES: New Vic Hubbard item — 1⅝" one-piece forged valves for Chevies. Tip hardened; eliminates stem stretch. Non-magnetic. VH PRICE, each **$3.00**

FORGED PISTONS: Hottest piston buys on the market. 10:1 or high compression 11½:1 forged aluminum pistons for Chevy V8s (including Corvette and fuel-injected Corvettes). High compression pistons are slipper-type. Special sets include rings and/or bearings.

SIZES — **10:1** in 3⅞" bore, stock and plus .030, .040 and .060. **11½:1** in 3⅞" bore, stock and plus .060.

COVER

On the American automotive scene, the name Mickey Thompson conjures up visions of giant four-engine behemoths charging at 400 mph over the glistening salt flats. But there's another Mickey, too, the one who has been silently but surely planning exotic new approaches to track racing. The latest Thompson racer is hardly more than knee high and already has the old timers of the racing profession muttering to themselves, but to Mickey and sports car pilot Billy Krause it's an obvious approach to a grueling race. Our problem was getting them to stand still long enough for Photo Editor Eric Rickman to capture the rear-engine masterpiece on color.
