

ASTON MARTIN DB4 VANTAGE

BODY BEAUTIFUL *(with a nature to match)*

The pleasure to be had from owning an Aston Martin is something that must be experienced to be believed. ■ The delight in those well bred lines, in the sheer luxury of superb English coach hide upholstery is understandable: they are things that everyone can see and admire. The *particular* pleasure is your own. ■ This car has a nature like an angel. So responsive you can accelerate from zero to 100 mph and

back in under 25 seconds. So docile and forgiving, your control and mastery of every situation is supreme. No other car offers such performance ('Revue Automobile', August 2nd, '62, report it as the fastest four-seater car they have ever tested) together with such amazing flexibility. ■ The price from \$10,500. Colour to your choice and leather suitcases made to match the upholstery of your car, if you wish.
