

Today's man of action puts performance before prestige, is impatient with yesterday's standard of excellence. This is for him . . . 1963 **Buick Electra 225**. It is a car of uncommon technical achievement. (Electra 225, alone among fine cars, offers Advanced Thrust engineering, Turbine Drive automatic transmission, and finned aluminum front brakes). It is also one of America's best motoring values. Now at your quality Buick dealer's.
