

Monterey S-55 2-door hardtop

**Styled for excitement...powered to deliver it!**

This year even Mercury Monterey's standard engine is a sizzler. It's a brilliant new Marauder 390 V-8. And, if you want something spicier yet, optional V-8's range up to a Super-Marauder 406. Other highlights: a rear window that slants inward, stays clearer in rain or snow, opens for breeze-way ventilation. Mercury Monterey shown is the bucket-seat S-55. Also available as a convertible.
