

PONTIAC MOTOR DIVISION • GENERAL MOTORS CORPORATION

## Drive this and then try to be happy with something else. Just try.

A Pontiac sitting at curbside is a lonely thing indeed. (Handsome, but lonely.) As practically everybody knows, what a Pontiac does best is go places. What else would you expect? That's why you get to choose from Trophy V-8s starting at 215 horsepower and going up to 370 (optional at extra cost). That's why Pontiac's Wide-Track is even wider this year. And that's why Pontiac gives you so many other pleasures, like its gentle new ride. All in all, there's only one thing that likes to travel more than a Pontiac. And that's a Pontiac owner. Ask your dealer how you can join the club. (The membership fee is surprisingly low.) **WIDE-TRACK PONTIAC**
