Acadian design: Clean, sensible, uncluttered—words that tell all about the '63 Acadian's style. See that interior on the left? It's another facet of Acadian's fresh design. Colors abound. Fabrics, appointments and standard extras are plentiful. Enough said? Acadian is as fresh as it looks (and that's pretty fresh).

FRISKY

Acadian performance: Some people say Acadian's 4 cylinder engine is better than the 6. Others argue the other way. We like them both, so we'll leave the choice up to you. One thing for certain, they'll both save you money (on gas and now with 60 day or 6,000 mile oil change). They'll both do anything you ask of them. The '63 Acadian virtually hums over the road with a perfect combination of front coil springs and Mono-Plate rear springs. Try it. You'll be more than pleased.
