

Beautiful new way to make an entrance...
first 4-door Thunderbird

The newest and most Thunderbird ever now makes its entrance. Beautifully. For 1967, Thunderbird has combined steel and imagination and hard common sense to come up with 4 new doors to the good life—the elegant 4-door Landau. Or choose the dashing new 2-door. Either opens up to an accommodating Tilt-Away Steering Wheel that swings over and up automatically for easier exits, adjusts to 9 driving positions. You can choose up to 428 cubic inches of engine that will power you right to Thunderbird Country... where exhilaration begins at dawn.

'67 Thunderbird
Unique in all the world
