

MUSTANG

69

Somebody finally built a better Mustang

Mustang SportsRoof...
one of 5 all-new Mustangs.

Mustang Mach I... new power play.

Now there are five new Mustangs for '69. There's a totally new Mustang SportsRoof (previous page), complete with sporty rear deck spoiler, ventless side glass, new grille and quad headlamps. A wild new Mustang Mach I (above). A new luxury Mustang—Grandé Hardtop. A new Mustang Convertible for top-down fun. And a new Mustang Hardtop—the original, the one that launched a new generation of fun. Sportier, more Mustang than ever.

Drive the igniting, power-primed Mach I. Life will never be the same. You can choose from five hot V-8's—from two new 351's (one with 2-barrel carb, the other with 4-barrel carb), to the virile 428 4V Cobra Jet Ram-Air with hood air scoop. (Simulated scoop with others.) And Mach I comes with all kinds of GT-type equipment like dual exhausts with the four larger engines. Wide-oval belted white sidewall tires on steel wheels. Competition shocks, springs and stabilizer bar. Foam-padded, vinyl-trimmed high back buckets. Racing mirrors, left and right. Woodlike 3-spoke Rim-Blow Steering Wheel.

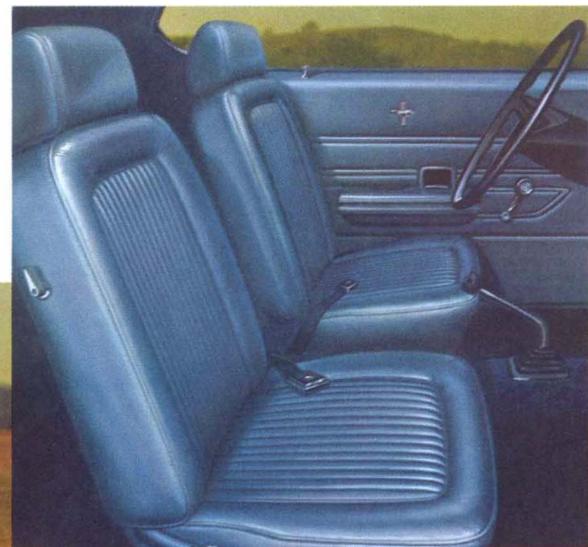

Clock. Console. Unique teak-toned highlights on the dash, door panels and console. Bright floor pedal pads. Low-gloss paint on the hood and cowl, and pin-type hood lock latches. On-the-move reflective stripes outside. Standard transmission with either 351-cuber is the fully synchronized 3-speed manual. The 4-speed manual, or SelectShift, is available with all engines. Add a tach. Comes with the 4-speed when you order the 390 or either of the 428 engines. Or you can get it separately with any engine and any transmission. Get a Mach I. Move out in your own power play.

Mustang Hardtop. Now longer. Lower. Wider. Roomier. Hotter. Cooler. And more young-spirited than ever. It's a new package, with all the goodies you buy a Mustang for: foam-padded bucket seats with soft vinyl trim, sporty steering wheel, fully synchronized 3-speed transmission with floor-mounted shift, color-keyed carpeting throughout—plus quick, precise han-

dling that lets you wheel into parking spots effortlessly. You take it from there. Add a set of wire-style wheel covers and wide-oval tires like those shown below. Take your pick of seven bigger engines, including a brand-new 4.1 Litre six-cylinder engine and spirited V-8's up to the 428 4V Cobra Jet Ram-Air. Team any engine with SelectShift. It's the automatic

that you can shift manually through the gears. Inside, there's more convenience. Get the Tilt-Away steering wheel for greater convenience when getting in or out of the car, and a more restful wheel position for driving. There are dozens of other items which are well worth their modest price, to tailor your Mustang to your mood. Ecstasy.

A large photograph of a light blue 1968 Ford Mustang Hardtop parked in a grassy field. A woman in a brown jacket and sunglasses stands next to the driver's side door. In the background, several people on horseback are gathered near the car. The car has wire-style wheel covers and wide-oval tires. The front grille features the classic Ford logo. The overall scene is a mix of classic Americana and modern automotive design.

Mustang Hardtop...
the original.
The one that started it all. Now
totally new, more fun than ever.

Mustang Grandé...
your first Mustang
made life more delicious, right?
So how about a second helping?

Sheer luxury. All planned to reflect your lavish mood. As you can see from its very handsome styling and attractive appointments, such as wire-style wheel covers, dual racing-style mirrors and neat two-tone narrow tape stripes, Grandé says here is the elegant Mustang. The standard 200-cubic-inch, 7-main-bearing Six is a lean-muscled, smooth performer. For greater

punch, choose the larger, brand-new, 4.1 Litre six-cylinder engine. Provides added go with traditional Six economy. More power? Pick the spirited 302-cubic-inch V-8. Or one of five other V-8's all the way up to 335 hp. Go with the standard 3-speed manual shift, or specify the two-way transmission: SelectShift. It'll do the shifting automatically, or you can go

through the gears manually. You can downshift to low or second gear for manual control on hills, or for the fun of going through the gears. Comes with a sporty floor-mounted T-bar shift lever. Add a vinyl roof that looks like real leather — in either black or parchment. Nice touches outside. Now see what's in store for you inside—just turn the page.

Mustang Grandé...
uncommon luxury.

The inviting Mustang Grandé interior—extraordinarily plush and comfortable. Bucket seats you nestle in are trimmed in fashion-right vinyl and hopsack cloth. Door panels have built-in courtesy lights, and are tastefully trimmed in vinyl, accented with unique teak-toned appliques for added luxury.

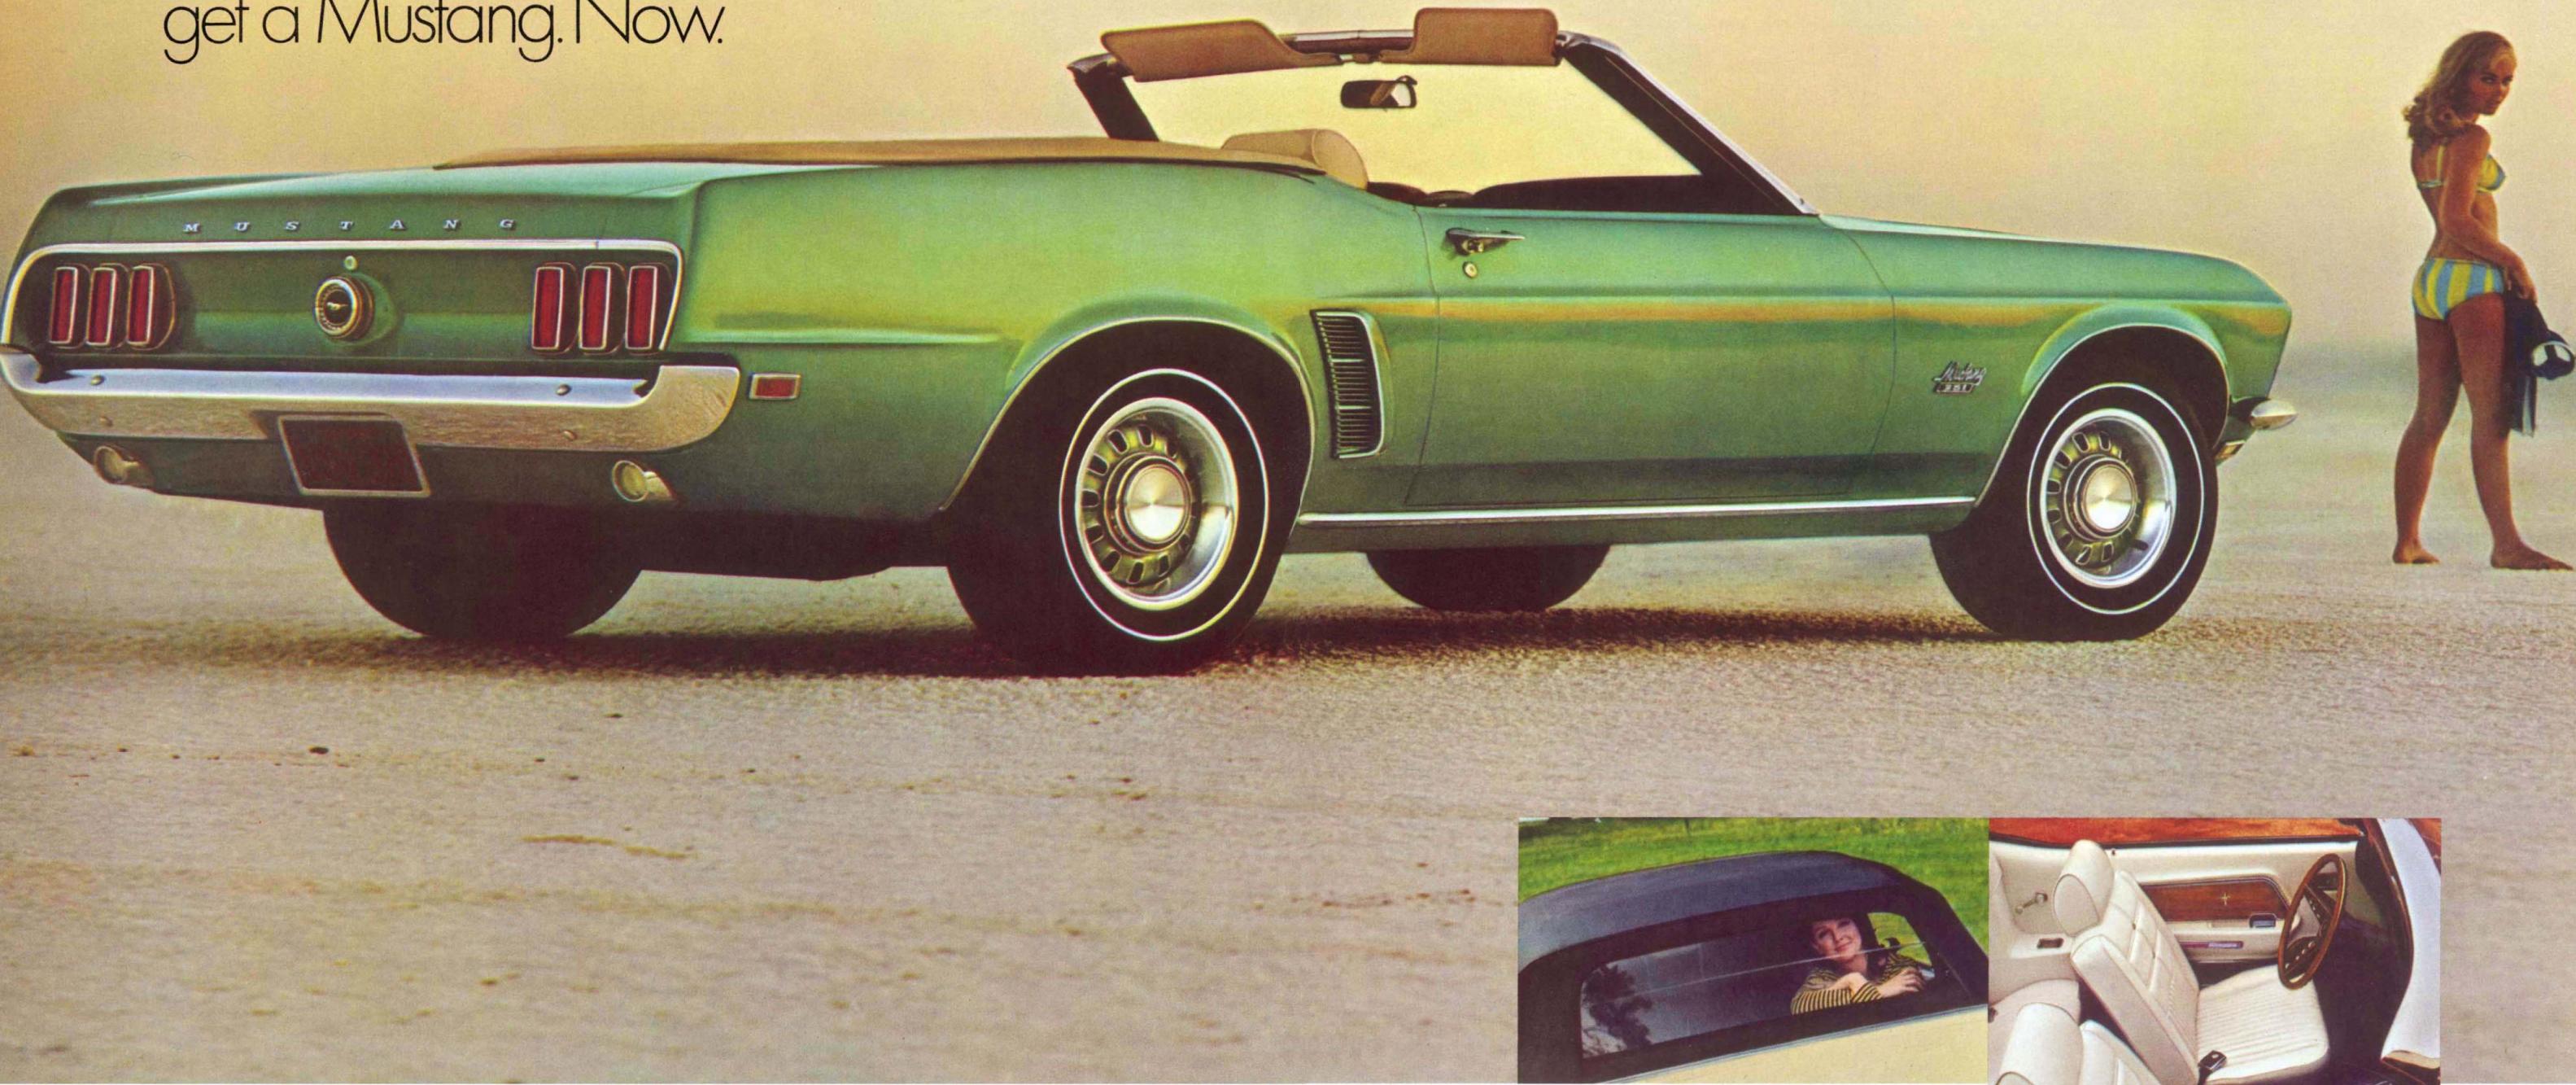

Before you, there's a sporty deluxe woodlike 3-spoke Rim-Blow Steering Wheel and instrument panel with woodtoned highlights. An electric clock is included. So are bright floor pedal pads. And on the road, you enjoy a remarkably smooth, quiet ride. Special Grandé insulation throughout helps soak up vibrations.

You can add other items to make your Grandé the one-of-a-kind Mustang you want it to be. Like the console which is trimmed in teak-tone accents. And SelectShift Cruise-O-Matic Drive. SelectAire Conditioner, so you can play it cool and dial your own weather. An AM/FM Stereo Radio that sounds like you're in the orchestra pit. Or a

Stereo-Sonic Tape/AM Radio system so you can play your favorite cartridge tape recordings wherever you travel. And Fingertip Speed Control that lets you cruise along the turnpike or highway at a preselected speed with your foot off the accelerator. There are many more. Go as luxuriously as you wish in Mustang Grandé.

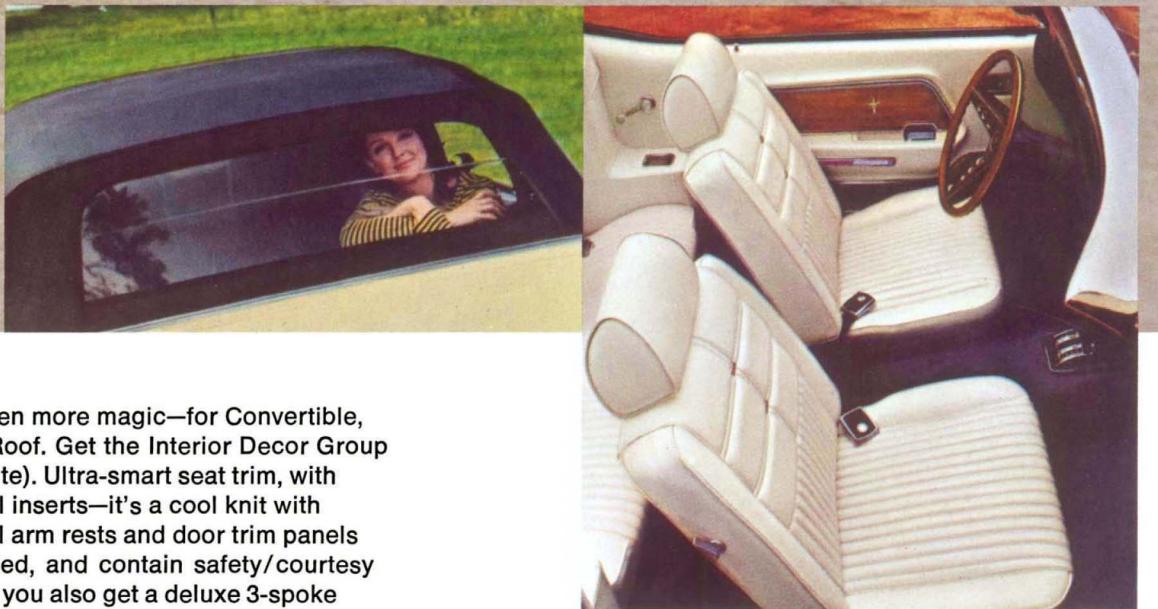

Mustang Convertible...
if you haven't got a past yet,
get a Mustang. Now.

Get a Mustang Convertible and have something to tell your grandchildren. Mustang makes it happen. Mustang's 5-ply vinyl top flips down easily by hand. Or, get the automatic power top and do the whole job with a fingertip. A clear vinyl backlite is standard. For those who prefer it, there's a glass backlite available. It folds across the center on a silicone rubber hinge (see the picture at right) when you put the top down. Cleans as easily as the windshield, too. More magic: hidden fasteners

hold the boot securely when the top's down. Looks neat and sleek. Besides, there are all those things that only Mustang offers—like a feel for the road that means more fun in getting to where you're going. A floor-mounted shift lever on all transmissions, and a choice of eight engines. Bucket seats, that are individually adjustable, for comfort and a sports car feel. And an instrument cluster that really lets you know what's happening.

You can choose even more magic—for Convertible, Hardtop or SportsRoof. Get the Interior Decor Group (shown right, in white). Ultra-smart seat trim, with Comfortweave vinyl inserts—it's a cool knit with a new twist. Special arm rests and door trim panels are integrally molded, and contain safety/courtesy lights. In this group you also get a deluxe 3-spoke woodlike Rim-Blow Steering Wheel, and a remote-control outside left-hand mirror that can be adjusted from the inside. Very tasteful and very Mustang.

Standard Equipment

Even up tight, Mustang's the going thing. It figures: all these "better idea" features are built into the 1969 Mustang.

Mustang Hardtop: Power Team: 200-cu. in., 115-hp Six, and Synchro-Smooth Drive fully synchronized 3-speed manual transmission □ Floor-mounted shift lever (with all transmissions) □ Individually adjustable deep-foam bucket seats □ 100% nylon loop-pile carpeting □ Courtesy lighting □ Cigarette lighter □ Reversible keys, "keyless" locking □ Dual sun visors □ Coat hooks □ Inside and outside left-hand rearview mirrors □ Suspended pedals □ Heater-defroster □ All-vinyl interior

with sponge-textured vinyl headlining □ Super Diamond Lustre Enamel exterior □ Ventless curved side glass □ Anodized aluminum scuff plates □ Center-fill fueling □ Four headlamps (paired horizontally) □ Special profile tires □ Autolite Sta-Ful Battery □ Twice-a-Year Maintenance □ The standard Ford Motor Company Lifeguard Design Safety Features.

Mustang Convertible: In addition to the features listed above for Hardtop, the Mustang Convertible includes: 5-ply vinyl top (manually operated) with clear vinyl backlite □ Color-keyed boot □ Easy-Action top fastening latches.

Mustang SportsRoof: In addition to the features listed above for Hardtop, the Mustang SportsRoof includes: Rear deck spoiler □ Swing-out rear quarter windows □ Tinted glass rear window.

Mustang Mach I: In addition to the features listed for Hardtop, the Mustang Mach I includes: 351-cu. in. 2V V-8 and other GT Equipment Group mechanical components (listed on page 14), competition handling suspension, F70-14 wide-oval WSW belted tires, black low gloss paint on hood and cowl, special sound insulation package, high-backed bucket seats, dual racing-type mirrors with remote control for driver's side, molded door trim panels with integral arm rests and safety/courtesy lights, woodlike 3-spoke Rim-Blow Steering Wheel, teak-toned instrument panel and cluster appliques, padded interior quarter trim panels with arm rests, electric clock, bright floor pedal trim, "Grandé" script rear pillar identification, two-tone narrow tape stripe, wire-style wheel covers, wheel opening moldings, bright rear deck molding, rocker panel molding.

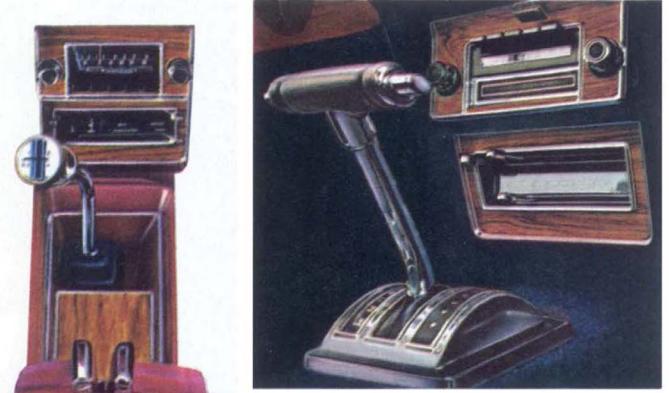

Mustang Grandé: In addition to the features listed above for Hardtop, the Mustang Grandé includes: Special sound insulation package, special soft-ride suspension, luxury cloth and vinyl seat trim, molded door panels with integral arm rests and safety/courtesy lights, woodlike 3-spoke Rim-Blow Steering Wheel, teak-toned instrument panel and cluster appliques, padded interior quarter trim panels with arm rests, electric clock, bright floor pedal trim, "Grandé" script rear pillar identification, two-tone narrow tape stripe, wire-style wheel covers, wheel opening moldings, bright rear deck molding, rocker panel molding, dual racing-style outside rearview mirrors.

MUSTANG 

Better Idea Options to make your own personalized Mustang

Engines. Choose go from seven optional engines, including a meatier 4.1 litre six-cylinder engine, six V-8's. From a peppy 115 hp, to the master—the 4V 335-hp Cobra Jet Ram-Air.

Console. Added convenience and good looks. Built-in compartment and ash tray. Safety padded. Shown with 4-speed manual.

GT Equipment Group

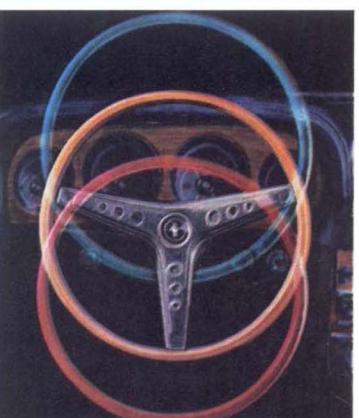

Get a Mustang GT. Hardtop, Convertible or SportsRoof. Pick your power from a choice of five moving V-8's: either of the 351's, the 390, or go all-out and get one of the 428's. You'll get throaty dual exhausts and quad outlets with the four larger engines. Out of sight.

Very roadable under way. It figures. In each corner, adhesion. And quick steering response. The answer: wide-oval belted tires on real competition-type styled steel wheels. Heftier shocks, springs and stabilizer bar. Other GT knickknacks: pop-open gas cap, pin-type hood lock latches, stripes and functional hood air scoop with the 4V 428 Cobra Jet Ram-Air (simulated scoop with the other engines). Plus GT ornamentation. Mustang GT. Like it was built for Parnelli. One of the Jones boys.

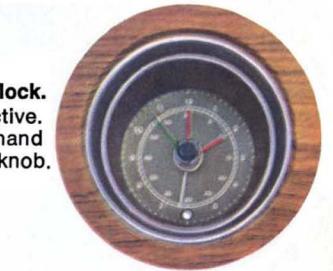

Tires. Included are Fiberglass Belted F70-14's with extra-narrow whitewalls; black sidewall E78-14's, and white sidewall C78 or E78-14's. Also available: wide-tread radial ply FR70-14's with narrow white sidewalls.

Wheel Covers. Extra razzle-dazzle with full wheel covers in either 5-spoke design or wire style.

Tilt-Away Steering Wheel. Convenience. Comfort. Make a clean exit or entry. Wheel and column swing up and over out of the way. Adjusts to nine positions for your driving comfort.

Electric Clock. Functional. Attractive. Sweep second hand and time-set knob.

Transmissions. SelectShift Cruise-O-Matic: it's an automatic, or it's a manual (without a clutch) at your command. You can play it shifty for high performance, mountain driving, or when pulling a trailer—or for the fun of going through the gears. A 4-speed, close or wide ratio manual transmission also available.

Specifications

Color and Upholstery: 16 brilliant Super Diamond Lustre Enamel exterior finishes, and 5 standard vinyl interior trims, 6 optional vinyl trims, 4 cloth and vinyl trims in Grandé, and 3 knitted vinyl trims in Mach I. Ask your Ford Dealer to show you his color and upholstery book and choose your favorite color combinations.

Engines:

200-cu. in. Six—115 hp; 3.68" bore x 3.13" stroke; 8.8 to 1 comp. ratio; 7 main bearings; reg. fuel; single-barrel carb.

250-cu. in. 4.1 Litre Six—155 hp; 3.68" bore x 3.91" stroke; 9.0 to 1 comp. ratio; 7 main bearings; reg. fuel; single-barrel carb.

302-cu. in. V-8—220 hp; 4.00" bore x 3.00" stroke; 9.5 to 1 comp. ratio; reg. fuel; 2-barrel carb.

351-cu. in. V-8—250 hp; 4.00" bore x 3.50" stroke; 9.5 to 1 comp. ratio; reg. fuel; 2-barrel carb.

390-cu. in. V-8—320 hp; 4.05" bore x 3.78" stroke; 10.5 to 1 comp. ratio; prem. fuel; 4-barrel carb.

428-cu. in. V-8—335 hp; 4.13" bore x 3.98" stroke; 10.6 to 1 comp. ratio; prem. fuel; 4-barrel carb.

428-cu. in. Cobra Jet Ram-Air V-8—335 hp; 4.13" bore x 3.98" stroke; 10.6 to 1 comp. ratio; prem. fuel; 4-barrel carb.

Engine Features: 6000-mile (or 6-month) maintenance schedule with full-flow disposable-type oil filter; dry element air cleaner; auto. choke; self-adjusting valves with hydraulic lifters; 12-volt electrical system; 42-amp. alternator; 45 amp-hr battery with 200 through 390 CID engines; 55-amp. alternator and 80 amp-hr battery with 428's.

Transmissions:

3-Speed Manual: Fully synchronized 3-speed manual transmission.

4-Speed Manual: Sports-type close- or wide-ratio fully synchronized transmission with short throw.

SelectShift Cruise-O-Matic Drive: 3-speed fully automatic transmission which may be used manually to maintain first or second gear for engine braking or for better control on hills, or when hauling a trailer.
