

# Pontiac announces the great break away!

So once again, along comes Pontiac to break you away from humdrum driving. This time with that magnificent Bonneville 2-door Hardtop just to the right. After all, you didn't expect us to forget about Wide-Tracking on the grand scale. And grand is the word for Bonneville with the biggest news contained in its standard 428-cubic-inch, 360-hp V-8—which you can order, if you want, with our smooth, smooth 3-speed Turbo Hydra-Matic. With a wheelbase of 125 inches, comfortably ensconced on new 15-inch wheels (as properly befits a car of Bonneville's stature), you'll have to drive it to know what it does to a road. Then, of course, there's our revolutionary energy absorbing material as standard equipment on both our front and rear bumpers. So if it's powerful luxury you'd like to add to your Wide-Tracking in '69, get down to your Pontiac dealer quick. The password's "Bonneville."

## '69 Wide-Track

# Pontiac

Pontiac Motor Division

The Wide-Track Family for '69: Grand Prix, Bonneville, Brougham, Executive, Catalina, GTO, LeMans, Tempest and Firebird.
