

Drivers, your time has come! Break away with our Firebird 400.

Far be it from us to deal in the sensational, but then that's what our Firebird 400 is really all about. For the 400 is still another example of the well-known sport of Wide-Tracking. Especially when you look at what we give you to work with. A 400-cubic-inch Quadra-jet V-8. A standard 3-speed manual, or you can order a 4-speed stick or 3-speed Turbo Hydra-matic. Continue. The 400 (and all its Firebird cousins)

provide richly padded bucket seats, upper-level ventilation so you don't need vent windows, carpeting and dozens of custom touches throughout. Made your date with a Pontiac dealer yet? He's got your work cut out for you in the Firebird of your choice. And once you get behind the wheel, you'll admit it sure is nice work.

MARK OF EXCELLENCE
