

**On September 26,  
Pontiac will announce the unusual!**

**As usual.**

Take the driver's cockpit above. It belongs to the 1969 Pontiac Grand Prix. Along with a radio antenna you can't find. A set of wheels you can't miss. And, if you say the word, a rear window that refuses to fog and the largest engine in the Pontiac lineup. Say it. On September 26. At your Pontiac dealer's.
