

DOESN'T DRINK MUCH!

You won't find the Fox lining up with the rest of the pack. At 25 mpg* it outfoxes the gas problem. But that's not all it does. Its sleek, agile body (and sports car suspension) can take the sharpest turns nimbly. Front-wheel drive makes it incredibly sure-footed. And it stops quick (front disc brakes).

For \$3,975[†], take a Fox to your lair.
