

ACURA AUTOMOBILES

TWO THOUSAND

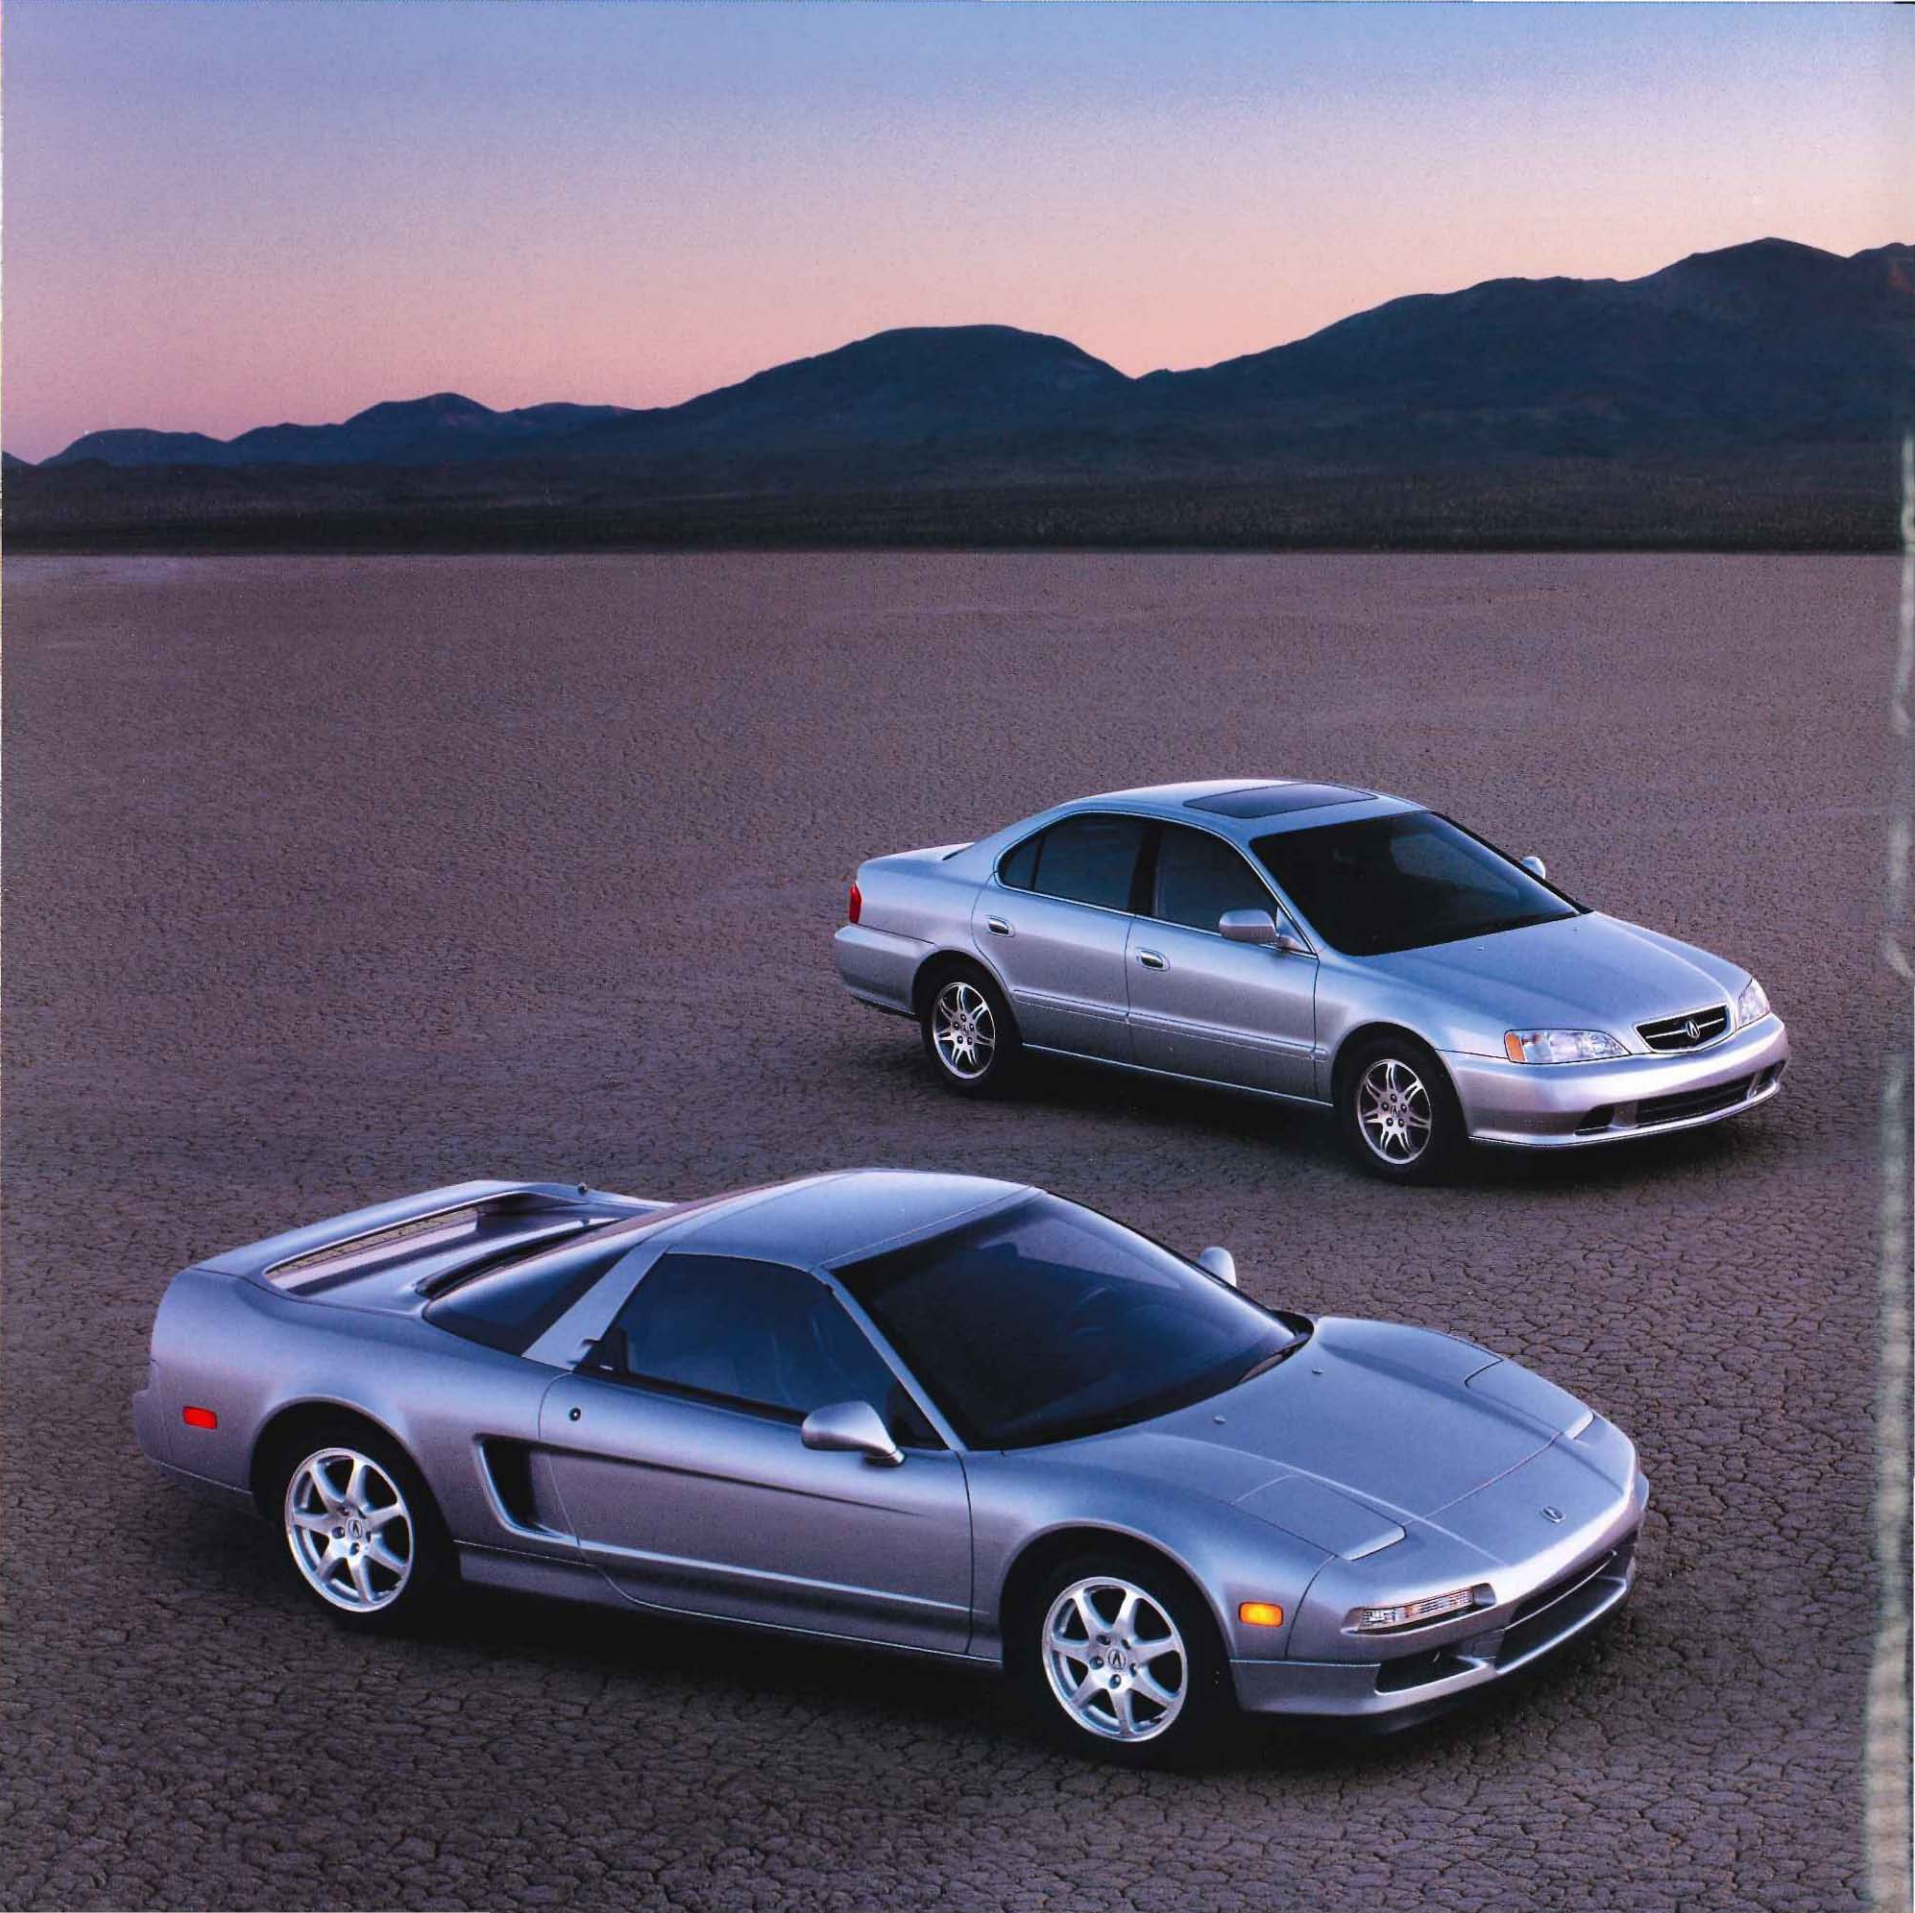

The Acura model line for 2000 is remarkably diverse, from the race-tested performance of the exotic NSX sports car to the silent ride and sumptuous comfort of the 3.5RL flagship sedan. Yet each Acura, from the luxury sport 3.2TL to the exciting, fun-to-drive Integra, is a product of our unwavering commitment to achieving the highest levels of the automaker's art.

A C U R A

To help achieve this lofty goal, every Acura is equipped with an advanced, all-aluminum, 4-valve-per-cylinder engine; 4-wheel disc brakes; responsive, race-proven, 4-wheel double-wishbone suspension and a dual air bag Supplemental Restraint System. Less obvious — but no less important — is a certain sense of confidence, comfort and control you simply have to experience to appreciate.

THE COMFORT OF SUPERB TECHNOLOGY

The sculptured seats of the RL are advanced, fully integrated systems. The seat springs were designed using NASA-developed computer software, helping to reduce road shock.

A C U R A R L

THE STANDARD OF EXCELLENCE IN LUXURY SPORT SEDANS

The flagship of the Acura model line, the 3.5RL is the embodiment of everything we have learned in building some of the finest luxury sport automobiles in the world.

STATE-OF-THE-ART DESIGN.

From its high-torque, 24-valve, 3.5-liter V-6 engine to its available Acura Satellite-Linked Navigation System, the Acura RL brims with cutting-edge components. Responsive handling is ensured by a race-proven, 4-wheel, independent double-wishbone suspension system; an

electronically controlled, 4-speed automatic transmission; a new Vehicle Stability Assist (VSA) system for enhanced handling control and 4-wheel disc brakes equipped with an advanced, 4-channel Anti-Lock Braking System (ABS).

IMPRESSIVE AMENITIES.

From leather-trimmed seats to rich, burled wood trim, to a 225-watt, 8-speaker Acura/Bose® Music System with CD changer — the RL delivers a driving experience every bit as luxurious as it is exhilarating.

ENJOY THE LUXURY OF TRAVELING IN A FIRST-CLASS CABIN

With its glove-soft, leather-trimmed seating and elegant interior design, the spacious RL is the most comfortable Acura sedan ever built.

ADVANCED SYSTEMS FOR DRIVING EASE

Technology and style are essential elements of the RL experience. The Navigation System, for instance, can guide you to almost any destination you choose with remarkable ease.

ACURA TL

AN IMPRESSIVE STANDARD OF PERFORMANCE AND LUXURY

From the acceleration of its 225-horsepower, race-inspired engine to its compelling sense of style, the Acura 3.2TL represents a benchmark, challenging the very best luxury performance automobiles from around the world.

VTEC TECHNOLOGY. The all-aluminum, 24-valve, V-6 powerplant that propels the TL uses the same VTEC technology pioneered on the exotic Acura NSX sports car to deliver prodigious low-end torque and exhilarating high-rpm power.

ADVANCED SYSTEMS. A highly sophisticated, multilink, double-wishbone rear suspension system contributes to fantastic handling precision, while a new, 5-speed Sequential SportShift automatic transmission enhances acceleration and engine efficiency.

A FOCUS ON COMFORT. From the luxury of fine leather-trimmed seats and a premium Acura/Bose® Music System to front side-impact air bags, the TL raises the act of driving to a true art.

DRIVE IN A CABIN OF EXTRAORDINARY LUXURY

From the elegant, leather-wrapped steering wheel and shift knob to the rich, wood-grained trim, the TL is an island of remarkable luxury.

ELECTRONICALLY CONTROLLED, 5-SPEED SEQUENTIAL SPORTSHIFT AUTOMATIC
For enhanced performance and efficiency, the 3.2TL features a new, 5-speed Sequential SportShift automatic transmission.

VTEC TECHNOLOGY

The Variable Valve Timing and Lift Electronic Control (VTEC) system on the GS-R helps produce a remarkable 170 horsepower from just 1.8 liters.

A C U R A I N T E G R A

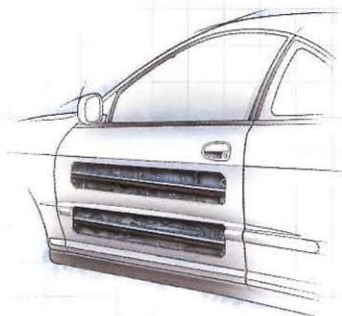

THE CLASS LEADER IN ADVANCED, RACE-BRED PERFORMANCE

Our engineers created the Acura Integra Sport Coupe and Sport Sedan to deliver one thing: unparalleled driving enjoyment.

SOPHISTICATED ENGINES. The standard 140-horsepower, 1.8-liter engine is a dazzling performer. If you're in the mood for even more excitement, we recommend the breathtaking, 170-horsepower, VTEC-equipped engine of the Integra GS-R. Whichever you pick, rest assured it's going to give you a memorable driving experience.

REFINED TECHNOLOGY. Every Integra offers sensuous styling, advanced safety engineering and athletic response. A newly revised, 4-wheel, double-wishbone suspension system carves twisting roads with ease, while 4-wheel disc brakes with an Anti-Lock Braking System help deliver confident stops.

SUPERLATIVE COMFORT. Inside, you'll find such amenities as power windows, air conditioning, an Acura Music System with CD player, and leather trim on GS-R and GS models.

A PERFECT PLACE TO CONDUCT BUSINESS

The spacious and handsomely styled cockpit of the Integra has been carefully refined to assist the most important performance component of all: the driver.

DUAL SIDE-IMPACT DOOR BEAMS

To help protect its occupants in the event of a lateral collision, every Integra is equipped with extremely strong, steel dual side-impact beams in each front door.

A C U R A
N S X

THE UNDISPUTED MASTERPIECE OF EXOTIC SPORTS CARS

NSX owners and automotive journalists agree: this remarkable, hand-built, all-aluminum automobile is one of the best-handling, most responsive exotic sports cars ever offered to the public.

REMARKABLE, RACE-PROVEN TECHNOLOGY. The NSX features an all-aluminum, 24-valve, DOHC engine that uses our innovative VTEC system for exceptional power and flexibility. This awesome powerplant mates either to a new, smoother-shifting, 6-speed manual

transmission or to an electronically controlled, 4-speed Sequential SportShift automatic. Similar to transmissions found on Formula One race cars, Sequential SportShift allows the driver to shift simply by flicking a lever on the steering column.

BUILT FOR COMFORT—AS WELL AS SPEED. The NSX is also engineered for unprecedented levels of comfort, reliability and refinement — all of which combine to set the NSX apart as an enduring classic among exotic cars.

AN ADVANCED SUSPENSION DEVELOPED BY RACING LEGENDS

The NSX chassis was developed with input from world-class drivers, including the late Ayrton Senna, three-time world champion.

FORMULA ONE-INSPIRED SPORTSHIFT PADDLE

As in Grand Prix race cars, Sequential SportShift allows manual shifting without taking your hands off the wheel.

THE CONFIDENCE AND SATISFACTION OF ACURA CUSTOMER SERVICE

Many automakers consider their job finished when a car rolls off the showroom floor. At Acura, however, we know our job is just beginning.

EXCEPTIONAL SUPPORT. Every Acura is covered by a 4-year or 50,000-mile limited warranty,* the optional Acura Care Program can provide additional service and repair coverage beyond the initial warranty period. With either coverage, a loaner vehicle will be provided to you whenever possible, free of charge, if it should ever prove necessary for

your automobile to remain overnight for warranty service.

TOTAL LUXURY CARE (TLC). The TLC card you receive with your new Acura opens up a world of owner benefits. From the reassuring peace of mind of 24-hour Roadside Assistance to the convenience of computerized trip-routing services and special Concierge Service, Total Luxury Care makes owning an Acura automobile a uniquely pleasurable and comfortable experience.
