

ACURA **RL** 2002

AS YOU WOULD EXPECT FROM THE FLAGSHIP OF THE ACURA LINE, THE NEW 2002 3.5RL IS A SHINING EXAMPLE OF ENGINEERING BRILLIANCE—IN THE FORM OF A HANDSOME LUXURY SEDAN. THE INCREASED OUTPUT OF ITS 3.5-LITER, 225-HORSEPOWER ENGINE

AND ITS RETUNED SUSPENSION MEAN THIS CAR OFFERS SERIOUS DRIVING ENJOYMENT, WHILE ITS COMFORTING RICHNESS IS IMMEDIATELY EVIDENT IN THE SUPPLE LEATHER TRIM, WOOD ACCENTS AND LEADING-EDGE AMENITIES WITHIN ITS SPACIOUS CABIN.

THE FINEST EXPRESSION OF THE ENGINEER'S ART.

A great luxury car distinguishes itself by its capability. The new, autobahn-tested Acura 3.5RL[®] accelerates with the authority of 225 horsepower and 231 lbs-ft of torque. Corners with the tight precision of a revised double-wishbone suspension featuring Acura's Vehicle Stability Assist (VSA[®]) system for enhanced control on all road surfaces. Protects with a steel-reinforced cabin that has front and side air bags for both front passengers, and energy-absorbing crumple zones.

And the RL's performance attributes continue inside, with leather-trimmed seats featuring form-fitting, supportive bolsters. While luxury touches abound, including genuine wood trim, an automatic climate control system and an Acura/Bose[®] Music System that's an audiophile's dream.

The RL can even help guide you to your destination with the available Acura DVD-Based Satellite-Linked Navigation System[™]. Its DVD database contains route information for the entire continental U.S. The system provides both visual and voice prompts. And its 7-inch touch-screen display and joystick control offer the luxury of simplicity.

SPACIOUS LEATHER-AND-WOOD LUXURY
THE ROOMY CABIN OF THE 2002 3.5RL ACCOMMODATES FIVE ADULTS WITH EASE. THE DRIVER'S SEAT POWER-ADJUSTS EIGHT WAYS, AND CAN MEMORIZE THE SEATING PREFERENCES FOR TWO INDIVIDUALS.

THE PLEASURE OF EXCEPTIONAL POWER
WITH 3.5 LITERS, 24 VALVES AND 225 ROBUST HORSEPOWER, THE ALUMINUM-ALLOY POWERPLANT MAKES FOR LONG-LASTING SMILES WHILE ATTAINING LOW-EMISSION-VEHICLE (LEV) CERTIFICATION AS WELL.

ACURA/BOSE MUSIC SYSTEM
THIS REMARKABLE 8-SPEAKER, 225-WATT AUDIO SYSTEM WAS FINE-TUNED BY THE WORLD-RENOWNED SOUND ENGINEERS AT THE BOSE CORPORATION. IN THE TRUNK IS A STANDARD 6-DISC CD CHANGER.

ONSTAR SYSTEM
THIS SYSTEM OFFERS A HOST OF OPTIONAL SERVICES—FOR EXAMPLE, AN EMERGENCY COMMUNICATIONS LINK, THEFT DETECTION AND EVEN A CONCIERGE SERVICE—ALL AT THE TOUCH OF A BUTTON.
