BASE STUDY in modern luxury, the TSX engages with its nimble athleticism, in aesthetics and leading-edge technologies. A spirited 201-hp in-line 4-cylinder or an available 280-hp V-6 provide the power. A race-derived suspension system powers the vehicle with a firm grip and compliant ride. The vehicle's cabin offers the perfect balance between indulgence and sport. And as if this weren't enough, a 31-mpg highway rating¹ is sure to further inspire a few long road trips.

THE RELATIONSHIP BETWEEN SIZE AND POWER: REIMAGINED

THE MARK OF an Acura engine is its ability to produce more power than its specs would suggest possible. The TSX accomplishes this feat with the precise management of its 2.4-liter i-VTEC® in-line 4. The engine's highly intelligent variable valve-timing system expertly balances the competing demands of low-end torque and high-speed horsepower, generating a constant surge throughout the power band. The TSX is also available with a V-6 for even bigger thrills. Its all-aluminum construction and hollow camshafts keep the engine lighter for a better-handling vehicle.

- 3.5-Liter, 280-hp
VTEC® V-6

"A rev-happy engine"
— Motor Trend²

FOR THOSE LOOKING to get the most power out of the TSX's high-revving engine, the 2.4-liter engine can be mated with a 6-speed manual transmission (Special Edition). The close-ratio gearing ensures strong performance in any gear. Shift throws are short and the linkage direct to provide an optimal feel for confident shifting. Available with both engines, the Sequential SportShift automatic features a cornering-G shift control that recognizes when you're in a curve and will delay upshifting to avoid having to downshift when you hit the accelerator as you exit the curve. The automatic transmission also gives you the option of driving in fully automatic mode or, with race-inspired shifters, a more hands-on approach.

NG ADVANCED metallurgy and complex physics, TSX handling technologies may cold engineering. But one drive is all it takes to appreciate the finer qualities X ride. It all starts with the chassis. The strategic use of high-tensile steel keeps ght and strong. The improved body rigidity allows the suspension to be tuned ter precision, helping the vehicle respond to driver input with minimal body roll. nsitive Electric Power Steering (EPS) lets the steering feel match the driving ns, from parking to high-speed driving. The V-6 model gets its own suspension d larger diameter wheels, further lengthening its performance parameters.

THERE'S NO SUCH THING AS BEING TOO CONNECTED

WHILE PERFORMANCE technologies are working to make your journey as enjoyable as possible, information technologies can help ensure that the same is true of your destination.

The available voice-activated Acura Navigation System features a destination database containing over 7,000,000 points of interest as well as Zagat Survey® restaurant reviews. You can even call ahead for a reservation through your connected *Bluetooth*®-enabled cell phone.³ The navigation system also includes available traffic and weather information,⁴ and suggests alternative routes if necessary.

"State-of-the-art navigation and entertainment systems" — Edmunds.com⁵

THE TSX COCKPIT is a testament to the vehicle's performance characteristics. Designed to clarify the connection between driver and vehicle, the deeply bolstered driver's seat offers support through the curves. Likewise, the steering wheel and shift knob are wrapped in leather to provide a tactile feel. The 8-way power driver's seat adjustments let you quickly get into your ideal driving position.

Also helping to ensure your complete comfort is the dual-zone automatic climate control system. The available GPS-linked climate control system keeps track of the sun's relative position and intensity and automatically adjusts to compensate. On the V-6 Sedan, Active Sound Control helps keep unwanted engine noise in check.

ENGINEERED TO HELP WITHSTAND AN IMPACT. OR BETTER YET, AVOID IT.

AS ANYONE WILL TELL YOU, the best collision is the one that didn't happen. With that in mind, the TSX features technologies designed to help keep you out of harm's way. These include Electronic Brake Distribution (EBD), Brake Assist and Vehicle Stability Assist™ (VSA®) which can sense potential understeer or oversteer and brake individual wheels to help keep you on your intended path.*

To help lessen the negative effects when a collision is unavoidable, both chassis feature Acura's Advanced Compatibility Engineering™ (ACE™) body structure. In a frontal crash, ACE distributes crash energy more evenly throughout the front of the vehicle, helping reduce the forces transferred to the passenger compartment.

*VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

HOUSE IS MOST LIKE

THE LY IN THE GARAGE.

*"Acura has another winner on its hands"
— Road & Track⁶*

INDIVIDUALLY TUNED to the TSX Sedan's interior dimensions, the available Acura/ELS Surround[®] Premium Audio System adds immeasurably to the rich experience of driving a TSX. Developed with the help of seven-time GRAMMY[®] Award-winning engineer and producer Elliot Scheiner, it was designed to recreate the feel of the original studio recording.

The 10-speaker system features XM[®] Radio⁷ and can play DVD-Audio discs as well as the songs stored on the internal hard disk drive (HDD) or your USB-connected iPod.^{®8} Song By Voice[®] technology lets you verbally make a selection based on song, artist or album.

Owner Benefits

When you purchase a vehicle with the exceptional quality of an Acura, you expect service and support to be of the same caliber. After all, a premium automobile is only part of the ownership experience. With Acura, you also get a commitment. To personalized care. To attentive service. This commitment is apparent the moment you first enter an Acura dealership and for years down the road. It comes from a belief that every aspect of owning an Acura should be an enjoyable and rewarding experience.

Acura Limited Warranties¹⁰

All Acura vehicles and any Acura genuine accessories installed by the dealer at the time of vehicle purchase have a 4-year / 50,000-mile limited warranty. Acura vehicles are also covered by a 6-year / 70,000-mile limited powertrain warranty. In addition, outer body rust-through is covered by a 5-year / unlimited-mile limited warranty.

Acura Financial Services¹¹

This online service lets you weigh the benefits of leasing and financing, estimate your payments, see current offers and special financing programs and get pre-approved.

Acura Care[®]

Additional peace of mind can be had with the Acura Care program – comprehensive vehicle and travel protection beyond the initial warranty period. See your Acura dealer for all the features and benefits available with this program.

Total Luxury Care[®] (TLC[®])¹²

Acura's commitment to your satisfaction doesn't end with the delivery of a world-class vehicle. As an Acura owner, you'll enjoy an array of services, like the Acura Concierge,[™] for 24-hour weather information, insurance claims assistance or to help you plan a trip; Trip-Interruption benefits like alternative transportation, lodging and meals; and a 24-hour Roadside Assistance program.

AcuraLink Own

Use your smartphone to connect with your Acura agent at the dealership or on the road. The AcuraLink app is available for Android[®] or iPhone[®] and offers a variety of services, including lockout assistance, tire pressure monitoring, and fuel delivery.

The app uses your smartphone's GPS technology to provide you with your exact location. You can also view scheduled time of arrival and dispatched service personnel.

1-800-to-Acura

Operators are available 24 hours a day to answer your Acura questions.

MyAcura.com

The online help doesn't stop at the dealership. Your complimentary MyAcura.com gives the most current information on how to care for your vehicle, view your maintenance record, schedule service appointments, and more.

acura.com

Learn more about Acura vehicles, see photo galleries and compare our vehicles. You can also compare prices on our vehicles, compare prices on your Acura, see current offers, and more. Visit an Internet-certified Acura dealer.

Accessories

When it comes to personalizing your Acura, there are many accessories that are crafted to the specifications of your Acura. See your Acura dealer or go to acura.com.

AcuraLink

Acura has always had a penchant for seeing
what's beyond the next horizon. Now it's
your turn. The available AcuraLink® Satellite
Communication System gives you a look
ahead—whether it's up the road, or even days
into the future. Services like the available
AcuraLink Real-Time Traffic and Weather,^{TM4}
with its one- and three-day forecasts,
help you plan your next move, even while
you're focused on the here and now.

AcuraLink is also your connection with Acura,
delivering a wealth of information like Quick
Tips and updated Feature Guides to help you
get the most out of your new vehicle's many
sophisticated systems. When the system is
paired with a Bluetooth®-compatible phone,³
you can also get information on required
services as they approach, and can schedule
maintenance right from your car with the
Automated AppointmentsTM feature.

BLUE SKIES FOR
OUR CHILDREN

Years ago, our engineers took on the challenge
to meet the stringent emissions standards of the
U.S. Clean Air Act and used the phrase "blue skies
for our children" as a passionate rallying cry
to devote themselves to this effort. Blue Skies
for Our Children represents our environmental
vision of a society where future generations
can experience the joy and freedom of mobility
while living within a sustainable society.
