

ACURA

RLX
LUXURY. TAKEN TO A WHOLE NEW LEVEL.

EQUAL PARTS INGENUITY AND OBSESSION

Certain cars have the ability to change how you feel. It's an elusive quality—easy to imagine, difficult to measure, even harder to construct. But we believe there is no other way to create a car. So we start with one goal: Bring the driver and vehicle closer. Sounds simple, but it changes how we imagine possibilities and engineer smarter solutions. The result is a vehicle that takes you beyond luxury, beyond the machine, straight into the driver's seat of the extraordinary RLX.

BUT OPENING UP BUILDS A DEEPER CONNECTION

Between people, it's called chemistry. That intangible, instinctive rapport. Chemistry could also describe the uncanny sense that the RLX was made just for you. Open it up. Step inside. You'll find it almost finishes your sentences for you.

DESIGNED TO
REPRODUCE SUNLIGHT

Human eyes are most comfortable with a color temperature of 6,500° Kelvin—or the color of daylight. The RLX's industry-first headlights shine brighter, whiter, wider and further, allowing the driver to see farther into the future.

BRILLIANT

JEWEL EYE™
LED HEADLIGHTS

Intense and reflective even in day-time, Jewel Eye™ headlights feature eight LED bulbs radiating through 16 precisely focused lenses. Engage the LED high beams, and you'll think the sun is out and the moon is full.

EVER NOTICE HOW MUCH MILEAGE
YOU GET OUT OF A WHISPER

Over the course of its development, the RLX made hundreds of trips to the wind tunnel. By analyzing driving-speed winds, our engineers smoothed airflow, softened noise and increased fuel efficiency. In the process, they created one of the most aerodynamic sedans on the road, helping the RLX receive a 31-highway mpg EPA rating³⁸.

SOMEONE TO WATCH OVER YOU

Imagine having another set of eyes, a second pair of hands and someone who's always watching your back—and your front. State-of-the-art driver aids let the RLX warn you of vehicles detected in your blind spot, help steer you back into a detected lane, maintain a set following interval and even apply the brakes. These assists are quite simply, a driver's best friend.

BLIND SPOT INFORMATION SYSTEM

Radar technology on both rear quarter panels constantly monitors blind spot areas. It activates a warning light near the side mirror when a vehicle is detected. If the turn signal is engaged with a vehicle in the blind spot, the light flashes and an audible warning sounds.

ADAPTIVE CRUISE CONTROL WITH LOW-SPEED FOLLOW

Utilizing a sophisticated radar unit, the available Adaptive Cruise Control with Low-Speed Follow⁵³ system creates a buffer zone in front of the car. Set the speed, then set the interval you wish to follow the car detected ahead. The RLX will maintain that interval—up to and including a full stop. Now you can enjoy cruise control in a broader range of driving environments.

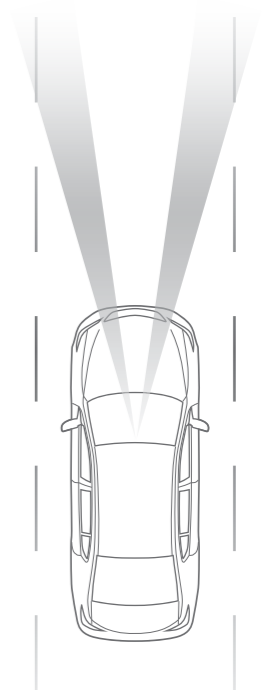

NOT EVERYONE STICKS TO THE STRAIGHT AND NARROW

LANE KEEPING ASSIST SYSTEM

Momentarily distracted, you begin to drift out of your lane. It happens to every driver occasionally. The available Lane Keeping Assist System (LKAS)⁵⁹ can sound an audible warning and help steer you back into a detected lane.

WHEN LIFE THROWS A CURVE OVERACHIEVERS PIVOT

In the real world, you can't count on a banked curve to help keep your line. The solution is the world's first Precision Steer™ (P-AWS®) system, which on the front-wheel drive RLX allows each rear wheel to independently adjust its toe angle to achieve exceptional stability in turns. Combined with Agile Handling Assist®, Acura brings new meaning to cornering and lane changes. One good turn really does deserve another.

THE TRUE MARK OF LEADERSHIP IS USING POWER WISELY

The RLX engine is paired with a perfectly executed 6-speed Sequential SportShift automatic transmission. Highly intuitive and adaptive, it's the versatile V-6's ideal life partner. Two modes are available to fit your driving mood. "Drive" mode emphasizes fuel efficiency, with smooth, lower rpm gear changes. In "Sport" mode, the transmission up-shifts at higher revs, thereby increasing acceleration and your heart rate. Racing-inspired paddle shifters encourage you to explore all the available horsepower.

On the freeway at cruising speed, the 3.5L engine easily propels the RLX using just three cylinders. Accelerate to pass an eighteen-wheeler and the Variable Cylinder Management™ (VCM®) system fires up all cylinders—so seamlessly you'll never know it happened.

BRAKE SYSTEMS

The beauty is in the braking. Just ask any racecar driver. Firm pedal feel and a very linear response are hallmarks of stopping a racecar and stopping an RLX. Sophisticated electronic systems—like Electronic Brake Distribution and Brake Assist—further enhance that feeling. When stopped, Brake Hold Control or the electronic parking brake can do all the work for you.

A HUSH COMES OVER THE ROAD

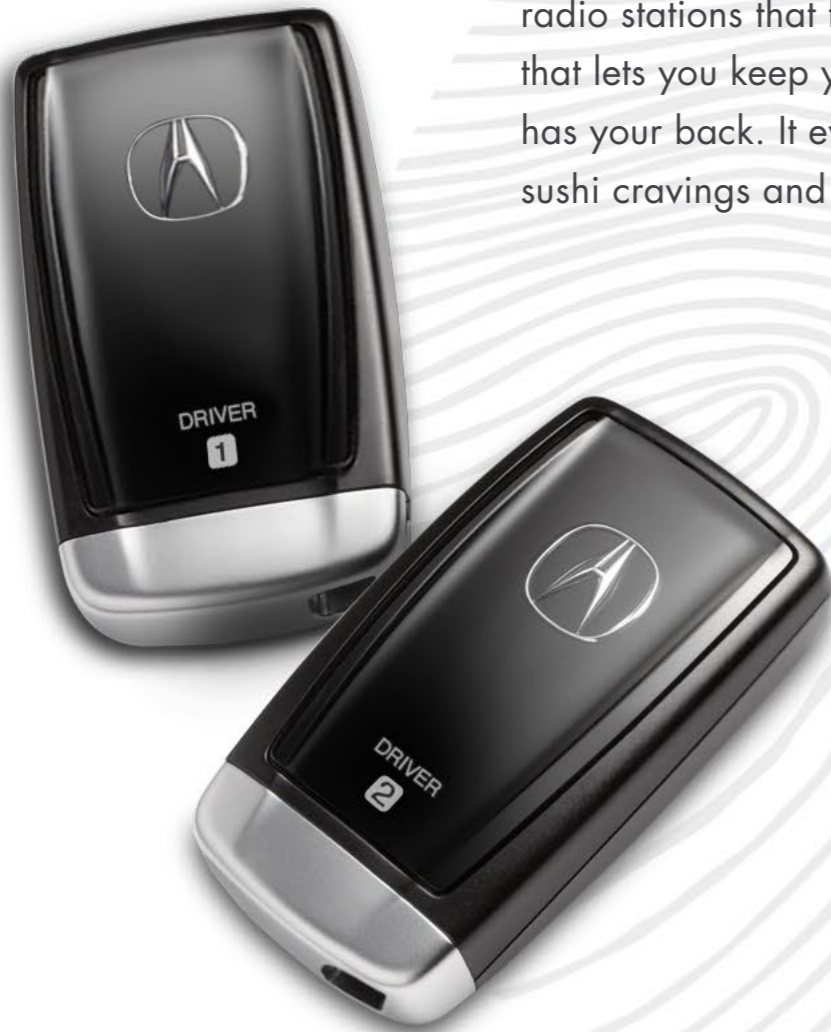

In the RLX, Acura exterior designers have orchestrated a unique mix of technologies to ensure a quiet, peaceful ride. Active Sound Control generates sound waves that cancel out unwanted engine noise. Acoustic windshield and door glass reduces wind noise. Even noise-dampening wheels play a part in keeping the sound of the road outside where it belongs.

YOUR PREFERENCES ARE PRIORITY

No two RLX key fobs are alike.

Each one is a reflection of its owner.

The RLX knows the people you reach out to most, the radio stations that fuel your commute, the temperature that lets you keep your cool, and the seat position that has your back. It even knows where you indulge your sushi cravings and gelato jaunts.

IT'S NICE TO BE RECOGNIZED FOR YOUR WORK

By the time you sit down, the seat, side mirrors, steering wheel—even the audio system, climate controls and navigation system—will all have conformed to your preferences. And with the push of a button, you can start the engine without ever touching a key. That's personalization at its best.

IT KNOWS YOUR PHONE

Your six most often-called numbers can be displayed as shortcuts on your lower touchscreen.

IT KNOWS YOUR TUNES

Once you're inside the RLX, your radio presets for AM, FM, and SiriusXM® Satellite Radio⁴ will have switched from the last driver's favorites to yours.

IT KNOWS YOUR SEATS

With your preset seating positions, side mirrors and steering wheel, you'll be right where you want to be before you even leave.

IT KNOWS YOUR CLIMATE

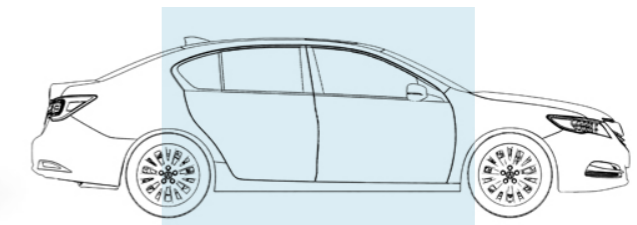

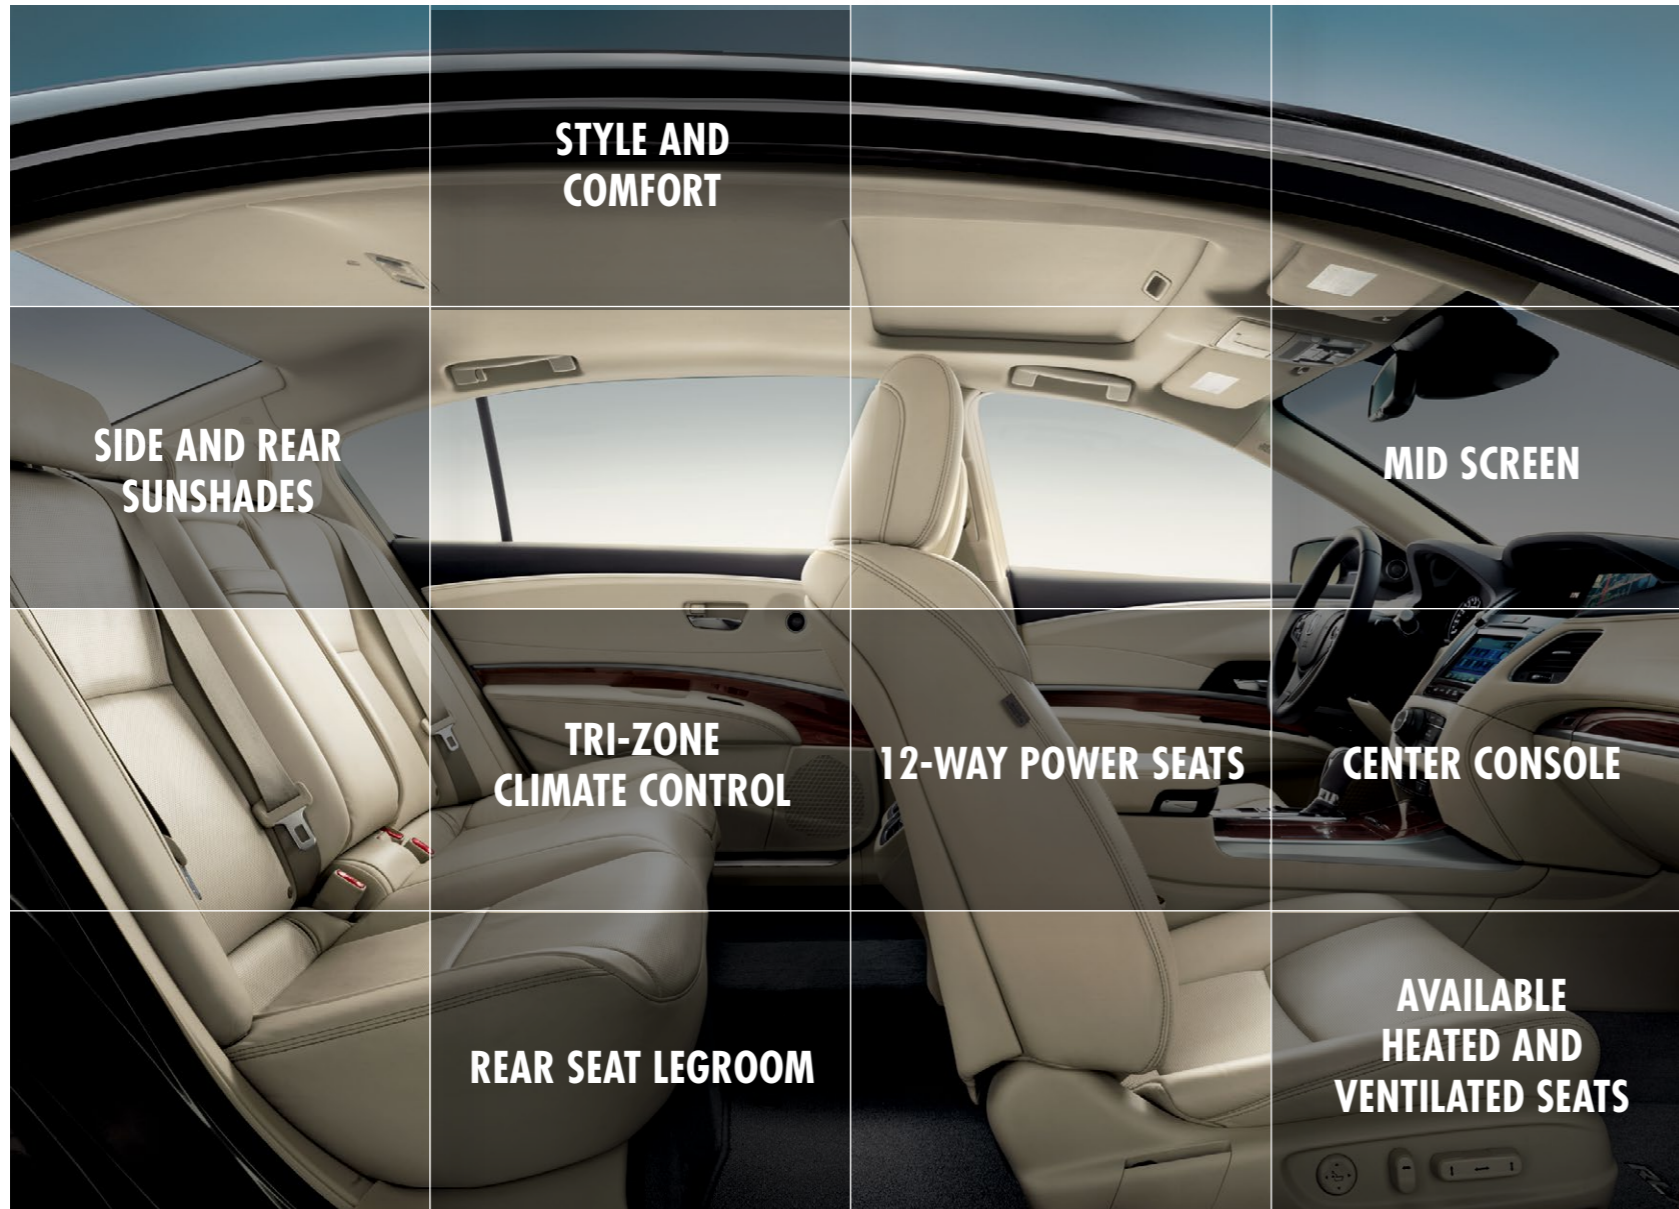

The RLX will automatically revert to your preferred temperature, fan settings and airflow.

IT KNOWS YOUR DESTINATION

Six preset navigation locations will be ready to show you the way from the get-go.

A PERFECT SETTING FOR THE NEXT LEG OF YOUR JOURNEY

A meticulously planned, luxuriously tailored interior affords both driver and passengers the ultimate in personal space.

BIG IMPRESSION, SMALL FOOTPRINT

A transversely mounted engine and longer wheel-base gives RLX the interior passenger space of much larger luxury sedans. Your rear seat guests will notice and notice quickly.

YOUR INPUT IS APPRECIATED

Acura On Demand Multi-Use Display™ (ODMD™) is the definitive touchscreen interface. Featuring an easy-to-reach screen that's separate from the eye-level, display-only screen, the ODMD™ has been designed for even greater functionality and ease of use. The system lets you manage audio, climate control, navigation and vehicle information from just nine intuitively positioned buttons.

AcuraLink
The Next Generation

WHO SAYS YOU CAN'T TAKE IT WITH YOU

We all have our favorites. Music, maps, apps, stations, destinations, followers and friends. They live on multiple devices. AcuraLink® The Next Generation⁷⁰ brings them all together—to keep you informed and connected.

Your Smart Phone

Your Computer

Your Acura

LISTENING PICKS UP WHERE HEARING LEFT OFF

Concert halls may transport you, but not in a literal sense. The Acura RLX, however, will get you there both actually and musically. Three state-of-the-art audio systems are available—each of them designed with the true audiophile in mind.

MUSIC APPRECIATION

The sound is gorgeous, the possibilities endless. Launch Pandora^{®45} or Aha[™] from your smart phone. Plug in your iPod^{®8} or tune SiriusXM[®] Satellite Radio⁴ to a baseball game. Even go old school and pop in a CD. Surrounded by perfectly positioned speakers, you'll never miss a beat—or an at-bat.

CONNECTIVITY

For your non-Bluetooth^{®11} devices, the USB⁷ port is conveniently located in the center console for easy accessibility and safe storage.

GRAYSTONE

EBONY

THE INSIDE STORY

NEVER FLY BLIND

Mother Nature isn't always so motherly. The advanced RLX warning systems provide a constant ally, helping you to be highly observant.

FORWARD COLLISION WARNING SYSTEM (FCW)

The system monitors the relative speed of cars detected ahead of you. When a warning beep sounds and an amber "BRAKE" image projects on the windshield and Multi-Informational Display (MID), the RLX has determined the vehicle ahead has slowed and you are rapidly closing on it. Only Acura can make a backseat driver a welcome companion⁵⁵.

COLLISION MITIGATION BRAKING SYSTEM™

Using radar technology, the Collision Mitigation Braking System™ (CMBS™)—available with the Advance Package—can help you brake when a collision with a detected vehicle is imminent. As the system begins to slow the car down, it can also tighten the seatbelts. Call it a state-of-the-art safe embrace.

PEOPLE WHO EMBRACE LIFE KNOW TRUE BEAUTY IS IN THE BONES

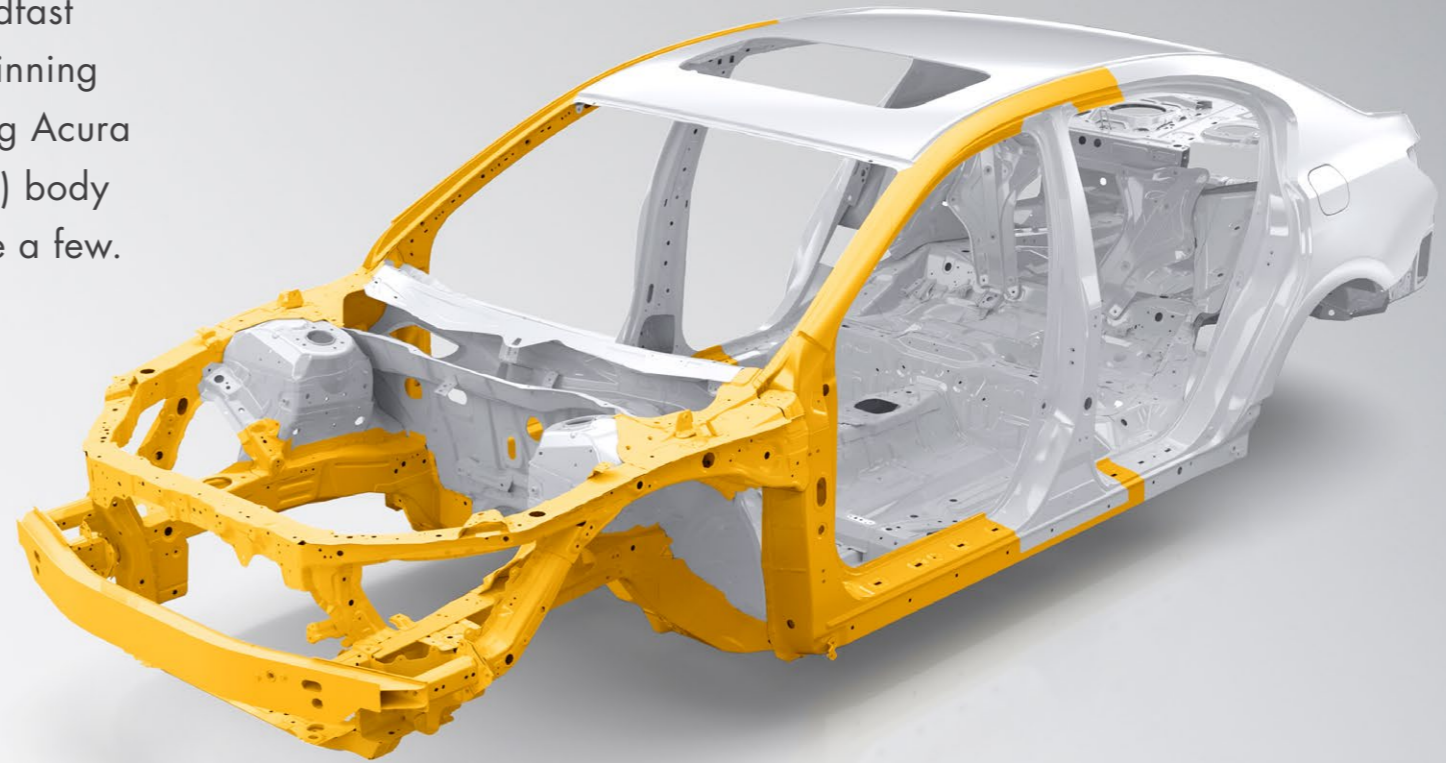

Good bones provide structure, strength and flexibility. A solid foundation, deep in Acura DNA, is evident in unshakable composure, steadfast strength of character and quiet confidence. It's also the underpinning of the comprehensive safety systems found in the RLX—including Acura next-generation Advanced Compatibility Engineering™ (ACE™) body structure, seven airbags, multiple sensors and monitors to name a few. It's really a thing of beauty.

NEXT GENERATION ACE

The RLX is equipped with Acura next-generation Advanced Compatibility Engineering™ (ACE™) body structure. It uses interconnected front frame members to absorb and help redirect front impact energy around the passenger cabin. Even if you encounter vehicles of varied sizes, the RLX has both a lower and upper primary impact brace to begin the energy absorption and redirection process.

OFF-SET PROTECTION

Front-end crashes often involve only the part of the car absorbing the impact, thus challenging a small portion of the front-end structure with the task of protecting the cabin. IIHS has a new test for this scenario called the "Small overlap front test." The Acura RLX was an IIHS Top Safety Pick Plus for 2014, achieving a "Good" rating on all IIHS tests.

ASK THE SPECIALISTS

“ The Adaptive Cruise Control
feature is really amazing.
Miriam, BMW owner ”

Luxury has its experts. So we invited a few luxury car owners to beautiful Calistoga, CA and let them spend a weekend with the RLX. Here's what they had to say about about the Acura RLX.

RLX

- 3 Does not apply to fluid and filter changes or periodic inspections. Please refer to the maintenance section of your owner's manual to determine all appropriate maintenance intervals.
- 4 SiriusXM® Satellite Radio, subscription purchasable after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. See SiriusXM® Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. Not all vehicles are capable of receiving all services offered by SiriusXM.® Current information and features may not be available in all locations, or on all receivers. XM satellite service is available only to those at least 18 years of age in the 48 contiguous USA and DC. SiriusXM® Internet Radio service is available throughout our satellite service area and in AK, HI and PR. © 2014 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc.
- 7 The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your local Acura dealer for details on compatibility.
- 8 Currently includes fifth generation or later Apple iPod, and all generations of iPod Nano, iPod Classic, iPod Touch, or iPhone®. iPod® and iPhone® are registered trademarks of Apple Computer, Inc., registered in the U.S. and other countries.
- 10 Acura Navigation System and related features available only in the United States, Puerto Rico and parts of Canada. See your local Acura dealer for information regarding navigation system area coverage.
- 11 The *Bluetooth*® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks is under license.
- 12 VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.
- 16 Ordinary maintenance items or adjustments, parts subject to normal wear and replacement, and certain other items are excluded.
- 17 When installed at the time of new-vehicle delivery.
- 18 See your local dealer for details about Total Luxury Care® (TLC), Roadside Assistance, and Concierge Service.
- 19 Some models require premium fuel and for others, it's recommended. Consult your dealer for details.
- 32 ELS Surround® is a registered trademark of Panasonic Corporation of North America. All rights reserved.
- 38 Based on 2015 EPA mileage ratings. Use for comparison purposes only. Your actual mileage will vary, depending on how you drive and maintain your vehicle, driving conditions, battery pack age/condition (hybrid only) and other factors.
- 44 Compatible with select phones with *Bluetooth*® only. Your wireless carrier's rate plans apply. State or local laws may limit use of texting feature. Only use texting feature when conditions allow you to do so safely. Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.
- 45 Compatible with select smartphones. Your wireless carrier's rate plans apply.
- 50 Always visually confirm that it is safe to drive before backing up; the rear view camera display does not provide complete information about all conditions and objects at the rear of your vehicle.
- 53 Adaptive Cruise Control (ACC) with Low-Speed Follow cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. The driver remains responsible for avoiding a collision.
- 55 FCW cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by high interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions.
- 56 LDW only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
- 57 AcuraLink Real-Time Traffic™ is operable only in select markets within the 48 contiguous United States, as well as Vancouver, Toronto and Montreal. The service is available at no cost for three years after purchase whereupon it will continue to be available on a subscription basis.
- 59 LKAS (Lane Keeping Assist System) only operates when lane drift is detected without a turn signal in use. LKAS may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
- 60 Import Brand Midsize Premium Cars as defined by JD Power.
- 70 Credit card and AcuraLink The Next Generation enrollment required to sign up for 90-Day Free Trial of AcuraLink Premium. For owners with Standard package enrollment, credit card will be billed for 1-year Premium package subscription if 90-Day Free Trial not cancelled by day 90. For owners with Connect package enrollment, credit card will be immediately billed for 1-year Connect package subscription, and the difference between the 1-year Connect and Premium packages will be charged if 90-Day Free Trial not cancelled by day 90. For owners with Premium package enrollment, credit card will be immediately billed for 1-year Premium package subscription. If you cancel by day 90, you will be refunded the Premium package subscription fee. If you do not cancel, your 1-year AcuraLink Premium subscription begins – giving you 15 months for the price of 12.
- 72 Only available on select, navigation-equipped RLX, TLX and MDX models. Accessing vehicle maps with a smartphone, tablet or PC requires a Connect or Premium subscription. See <http://www.acura.com/acuralink/packages.aspx> for details.
- 73 Connect features are not available on all RLX, TLX and MDX models. Smartphone and web-based connectivity require a Connect or Premium subscription. See <http://www.acura.com/acuralink/packages.aspx> for details.
- 74 Assist features are not available on all RLX, TLX and MDX models. Live support and automatic request for emergency response services require a Connect or Premium subscription. See <http://www.acura.com/acuralink/packages.aspx> for details. If the vehicle is unable to make a cellular connection due to signal strength, location or other technical difficulty, automatic request for emergency response services will not occur. Neither Acura nor affiliated service providers can control whether emergency responders will respond to any request for emergency services or do so in a timely manner.
- 75 . Live, concierge services are not available on all RLX, TLX and MDX models. Live personal assistance requires a Premium Package subscription. See <http://www.acura.com/acuralink/packages.aspx> for details.
